USER REVIEW ADDITION

It is probably a fine film, but husband beater/domestic abuser amber heard is in it and if you are a survivor of DV as I am then you shouldn't waste your money or time on this film. It is proven through audio tapes she beat her then husband Johnny Depp. She also lied about donating 7 million dollars to sick children and also, she stole someone else's rape story and claimed it was her it happened to.

If you want to read up and it. Look up Adam Waldman on Twitter. He has a lot on information about this persons lies and scams. Also you can find the audio tapes on YouTube to listen how she admits to have beaten JO. DO NOT WATCH THIS! THERE IS A HUSBAND BEATER/DOMESTIC ABUSER IN IT!

Amber Heard not only came for Zoe Kravitz after she "dared" to praise Johnny in an interview, she also tried to turn people against Jason Momoa cos of harmless pranks (actors prank each other on set) cos she wanted all the attention for Aquaman. That's who this woman is.

The screenshot shows a news article from brobible.com. The headline reads: "Jason Momoa Constantly Tormented Amber Heard With Pranks On The 'Aquaman' Set, Sounds Like A Fun Dude". The article discusses how Jason Momoa drove Amber Heard "crazy" by ripping out pages from her books when she wasn't looking. It includes a photo of Jason Momoa and a sidebar with social sharing options for Facebook, Twitter, Reddit, and Flipboard.

19. During this visit in Christmas 2015 Amber had a photographer on the island to conduct a photo shoot. We did not know this was happening nor did Johnny's children. My recollection is that the photographer, Greg Williams, who arrived on 27 December 2015 with his partner, took photographs the day after Amber's rampage, during departure, of an uninjured Amber, and of Johnny, who had a visible gash on the bridge of his nose.

6. Ms. Heard was arrested in Seattle-Tacoma International Airport in 2009 after police officers observed her committing domestic violence against her then-wife Tasya Van Ree. Ms. Heard's wife asked police to arrest Ms. Heard. The King County prosecutor declined to charge Ms. Heard only because neither she nor her victim were residents of King County Washington, but not before Ms. Heard spent a night in jail and appeared before a judge in court. Ms. Heard lied about this domestic violence incident under oath, saying "it was a trumped up charge and it was dropped immediately for being such." Ms. Heard also subsequently tried to minimize this arrest for domestic violence to the media, claiming that the police officers were "homophobic" and "misogynists." 9. When Amber got into legal trouble regarding smuggling the dogs into Australia, she asked me to write her a character reference about her charity work, and I did so. We had given her a humanitarian award. She volunteered with the charity and attended events for the charity. I am still grateful for that. I knew nothing about her personal life behind closed door until I became close with Whitney.

10. When Amber was in trouble with the Australian authorities, she asked me to write a character letter in support of her, which I did. I wrote on behalf of Amber for her volunteering with the charity.

This woman's injury is almost as how AH would describe hers. Even if makeup can cover this, can a traumatized human smile ever so lovely in a photoshoot/interview? And take note of how her abuser said "she's just being dramatic". Classic abuser line.
