Victims don't, abusers use the silent treatment and then contact you when the need to feed their obsession. Victims do not come back after such a brave move knowing their abusers are capable of breaking the order and even murder. Grow up, go back to school.

Middle East. I defend Amber Heard online; who has been attacked by [Russian bots](#) acquired by her ex husband Johnny Depp's lawyer, with the intention of destroying her career and reputation, and creating a mass smear campaign around the truth of her experience. My hate name – Eve Fartlow – blew up because it completed the horseshoe theory. It was born in a men's rights, right-wing adjacent, fan army of Depp who fight for "justice" against anyone who upholds that he's an abuser. It was quickly claimed by the far leftist hammer-and-sickle emoji brigade during the conflict between Israel and Hamas last May. Suddenly the entire fucking internet was using the name, because of two opposing online factions who should and perhaps one day will cancel each other out, and the bots that boost them. In light of recent events, I would like to make the following short statement.
Firstly, I'd like to thank everybody who has stood by me with their support and loyalty.
I have been honored and moved by your many messages of love and concern, particularly over the last few days.
I would like to let you know that I have been asked to resign by Warner Bros. from my role as Grindelwald in Fantastic Beasts and I have respected and agreed to that request.
Finally, I wish to say this.

The overall judgement of the court in the UK will not change my right to tell the truth and I confirm that I plan to appeal.
My resolve remains strong and I intend to prove that the allegations against me are false. My life and career will not be defined by this moment in time.

Thank you for reading.

Sincerely,

So believe all women? Ok. I believe Vanessa Paradis, Johnny Depp's partner of 14 years & mother of his children, who says he is a good kind man who was never abusive. #JusticeForJohnnyDepp

Johnny Depp is the father of my two children, he is a sensitive, loving and lovable person, and I believe with all my heart, that those recent allegations being made are outrageous, in all the years I have known Johnny, he has never been physically abusive with me and the kids acting like the man I lived with for 14 wonderful years.

Sincerely,

WITNESS STATEMENT OF VANESSA CHANTAL PARADIS
I, VANESSA CHANTAL PARADIS, of [REDACTED] State of Florida, will say as follows:
1. I am an ex-model, singer-songwriter, actress, and fashion designer.
2. I confirm that some witness opposite the facts stated in the statement contained within my own knowledge that those facts are true to the best of my knowledge. I further state that those facts are true to the best of my knowledge, based upon my own knowledge and my own knowledge. I confirm that they are true to the best of my knowledge and belief and the source of that information is set forth below.
3. I am aware of the allegations which Amber Heard has publicly accused Johnny Depp of more than a year now. This is nothing like the Johnny Depp and I have been through. After a period of many years, I can say he was never violent or abusive to me.
4. I have seen that these outrageous statements have been really distressing, and also caused damage to his career because unfortunately people have gone on believing these false facts.

 She knew it was over&so the hoax began. Enter the co-conspirators&an incident involving the police&you've got the perfect blackmail concoction.

#JusticeForJohnnyDepp

On behalf of: Claimant
 Witness: John Christopher Depp II
 No: Second
 Date: 12 December 2019

88. Since the incident on April 22, 2016, Ms Heard had repeatedly tried to contact me either directly or through her sister, Ms Whitney Heard, who continuously asked me to get back in touch with Ms Heard. The next time Ms Heard and I saw each other was on 21 May 2016. Prior to arriving to pick up my things on May 21st, 2016, I told Ms Heard on the phone that the relationship had not worked out and that I was going to file for divorce. I promised that I would file in a low-key way that would not make her look bad. Then several hours passed before my arrival at my Penthouse 3. I do not remember the exact time we arrived at the South Broadway Apartment, but it was a little after 8 pm. The South Broadway Apartment has multiple penthouses, some of which are adjoining. Penthouse 3 is where Ms Heard alleged the abuse occurred that day, and where Ms Heard and her friends testified that I swung a magnum sized wine bottle leaving a carnage of smashed fruit, cutlery, glassware, candelabras and spilled wine in Penthouse 3. A diagram showing the location of each penthouse is at pages 3 of Exhibit JD2.

There are deranged communities on this website who don't heed to truth but are loud and numerous with their nonsense. They're able to intimidate and disaffect lives of honest people, not because of their words but because we place disproportionate importance upon their numbers.

The legality of this "documentary" are interesting. The media will abandon their "sources" when Mr. Depp's evidence is revealed at trial. The careers of those involved will be decimated, and they may owe million dollar settlements to Mr. Depp just like AH. #JusticeForJohnnyDepp

So, you're just going to ignore the fact that Amber is an abuser then? And that Johnny is the REAL victim here? Are you forgetting that she admitted to starting the physical fight? The proof that she didn't pay her 7 million? That her lawyer fessed up to the op-ed being about JD

Whilst I fully agree she wasn't invited, the dress is irrelevant as it was an

"archive" party so people were wearing older items from her collections. However, I do think the tag had someone else's name on it and that's what has been scrubbed out. She was a last minute replacement.

So according to iO, he persuaded Raquel & Josh not to go to the Bahamas with Johnny for Christmas 2015, because it would be condoning violence...

but for them to continue living in Johnny's multi million dollar penthouses rent free... that was ok 🌟

😢

#JusticeForJohnnyDepp

Name: IO Tillett Wright
Statement: First
Party: Defendants
Exhibit: ITW1
Date: 12 December 2019

Bahamas, Christmas 2015

47. As per usual, after the 15 December incident, Johnny resurfaced and made a huge show of contrition and that he wanted to try again, promising it wouldn't happen again. She was supposed to go to the island for Christmas with her family and Rocky's family. I told her that she had to put her foot down and not go on holiday with him after what had happened because she was not safe. We talked about it and she was concerned about letting people down.

48. I told her – "you cannot go – he might kill you." I explained to her that the Johnny I knew and loved would not hurt her, but he was not in control of his faculties and who knew what he would do next, given what had earlier in the month. Besides that, I told her the fact of her going would send him the message that what he did was acceptable, which was not okay.

49. I also spoke to Rocky and the others about it. I said, "This is not casual violence – this is extreme. And none of you should condone it, by going with him on this holiday." They all agreed not to go in solidarity.

50. But Johnny was still going with his kids. In the end, he convinced Amber to go. She told me she was heartbroken about not spending Christmas with him and about letting down

Johnny Depp when someone he trusted for years stole millions of \$:
slams cabinet "Mother F*cker!"

Amber Heard (in front of 'police') when her \$30,000 car had been
disassembled by a stranger: "My Dad only hit him once? I'll F*cking Kill
him!!"

But she isn't violent...yea ok.

#JusticeForJohnnyDepp

Please be advised that our firm has filed a Petition for Dissolution of Marriage on behalf of Amber Heard.

As you may be aware, your client, Amber Heard, Johnny Depp, recently attained permanent custody of their son, Kaya, May 17th, after approximately one month of their 5.5 marriage. There are several references to his particular incident, and in re we shall speak about the property damage Johnny caused, as well as the physical injuries he inflicted on Amber.

Unfortunately, this is not the first incident of domestic violence perpetrated by Johnny against Amber. In fact, Depp has reportedly say many other incidents of domestic violence against Amber. As such, it is important to note that we do everything possible to keep her personal safety out of the media spotlight, which is why she has not yet sought a CLEP (DV PRO and DV) and/or an average for defense, due to her previous history of domestic violence.

Amber wishes to seek quick financial & property resolution of all matters, but due to the circumstances surrounding her divorce, she has agreed to a 6 month moratorium sign and return by Friday, May 21st, 2021, the enclosed Notice and Acknowledgment.

The actress has filed court documents showing her income and expenses, Comes after she filed for divorce from estranged husband Johnny Depp. It shows that she has a basic monthly income of \$30,000 per month. However her 'basic expenses' including rent and clothes total almost \$44,000

During, with intent to interfere, to make all payments for any non-marriage related items, (i) exclusive use and possession of any 3 apartments, merchandise Nos. 1, 3 and 5 until Attorney to continue to pay mortgage, utilities, etc., associated therewith and (ii) a contribution toward her accounting costs, to be paid to my law firm of business (\$20,000) on May 27, 2018.

Further, the legal fees to be otherwise incurred for all of this case will be assigned to a separate record judge, and the legal fees will be paid to the law firm of the record judge, either Mr. Gresham Tandy, Mrs. Karen Schreiber or Mrs. Melinda Johnson. The fees of the judicial officers will be paid to the law firm of the record judge, and the legal fees will be paid to the law firm of the record committee if you and your client are agreeable to doing so and in which judicial officers are acceptable. Upon hearing from you, I will have my account obtain rates and terms solutions outside of the public eye.

We are informed, however, that we can hopefully work out mutually acceptable short and long term solutions outside of the public eye.

Thank you. I look forward to your prompt follow-up and reply.

but she will need Johnny's immediate cooperation to do so. To this end, please have John promptly sign and return by Friday, May 27, 2022, the enclosed Notice and Acknowledgment Request Form (F1-127 form), which serves as my Summons Notice under Florida Law. Case Name: Depp v. Heard, Case No.: 4:20-cv-00001. If the requested Notice is not signed and/or executed form is not returned to me by May 27th, we will have no alternative but to arrange for service to be personally served.

In addition, we are requesting on Amber's behalf the following: (i) compensation payable to support, (ii) exclusive use and possession of the Black Range Rover, the vehicle she is currently

using, with Johnny to continue to make all payments for any encumbrances thereon, (iii) exclusive use and possession of 805 S Broadacres, Penthouse No. 5, and 5 with Johnny to pay all expenses associated therewith, (iv) a contribution towards her reasonable and necessary attorney fees in the amount of \$100,000, and (v) costs for attorney's retainer fees, to be paid to my firm by close of business (C.O.B.) on May 27, 2022.

Further, I believe it would be beneficial for all of this case was assigned to a private retired judicial officer for all purposes. My proposed list of private retired judicial officers is as follows: Hon. Gretchen Taylor, Hon. Robert Schneider or Hon. Melinda Johnson. The fees of judicial officer can be paid with funds from the parties' community estate. Kindly let me know in your earliest convenience if you and your client are agreeable to doing so as well as which judicial officers are acceptable. Upon hearing from you, I will have my assistant obtain rates and availability.

We are indeed hopeful that we can swiftly work out mutually acceptable short and long term solutions outside of the public eye.

Thank you. I look forward to your prompt follow up and reply.

When it comes to advocacy, we all have different methods and who am I to say which one is correct. But here are my "bits". This isn't about making friends, it isn't about making bank. 4. As for what Johnny says about my so-called "agenda" in marrying him – for financial benefit or to somehow further my career – that is preposterous. I remained financially independent from him the whole time we were together and the entire amount of my divorce settlement was donated to charity. In fact, my desire to remain financially independent was one of the main sources of conflict during our relationship. It is not true that I told him I admired his films early in our relationship (to contradict one of his examples). I was always very clear with him that I hadn't seen his movies; it was something we joked about.

STATEMENT OF TRUTH

I believe that the facts set out in this statement are true.

Subject: Actress is now being investigated by the FBI and a foreign government

Message: I have to make it clear that I am not involved in this.
I am not being investigated by the FBI and a foreign government's investigation. According to one of the people the FBI interviewed, she was not involved in this.
She was not involved in this. She might seem so unbothered by it on social media but behind the scenes she is probably losing it.

EXCLUSIVE: Amber Heard is under investigation for perjury in an FBI-backed probe into claims she lied to American actress and model during her Yorktown Torts trial and fled into the country in 2015

We know Musk helped you after you cheated on Depp with him. we know he left your ass high and dry. we know you blackmailed him with his fertilized embryos for money/ protection/work contracts.

We know you went ahead and used them despite his desperate attempt to destroy them.

We know you are the abuser

- she told jd that her ex tasya was "abusive & stole from her"... (poor amber, the victim.)
- she told her mother that elon musk was "abusive & controlling"... (poor amber, the victim.)
- she told the world that johnny depp was abusive... (poor amber, the victim.)
- she told the courts her parents were abusive... (poor amber, the victim.)
- she claimed in mult interviews that her co-star jason momoa was so "allergic to of russian bots"...
- she claimed she was "kidnapped at knifepoint" in a strange country & had to "fight off her attacker in heels"... & after "miraculously escaping"...rather than go to the authorities, she went to the bar... (poor amber, the victim.)
- & finally, a story online from former classmate who stated heard accused an ex bf of abuse as well... (poor amber, the victim.)

Woo-hoo One of my Elders posted via fb #JusticeForJohnnyDepp We live in small community: if she knows we all know! Omg #JohnnyDepp

that witnessed some of the abuse. The man put makeup on to imitate bruises for pictures and court appearances, but the next day there were no bruises to be seen. The man tried so so so hard to ruin this woman's life. The media didn't even ask her side. They blamed her drinking as the problem (she had been sober for YEARS but the violent relationship had led her back to her addiction, her only escape) the man leaked a picture of her asleep with ice cream melted on her to prove how "out of control" she was. To shame her even more. All of her past partners have stepped up to support her, all saying she was nothing but kind and loving. How can we treat domestic abuse survivors this way?? This woman isn't a woman, she's Johnny Depp, and the man is Amber Heard. For some reason his abuse wasn't taken serious, it was mocked. If he were a woman would it have been so openly mocked? Perjury in 2015 Dog

Smuggling Case

Years ago, Amber Heard was charged with bringing her and Johnny Depp's two dogs into Australia illegally. The case was later closed but now, Australian authorities have opened a new investigation.

By CORINNE HELLER

According to *The Daily Mail*, Australia's Department of Agriculture, Water and the Environment responded by reopening their new criminal probe and enlisting the help of the FBI to track down witnesses in the U.S. The FBI has not confirmed the report.

to raise a claim that she didn't know it was illegal to bring the dogs into the country, which has strict animal quarantine laws.

"She wanted me to say essentially that it was my fault in one way or another that the paperwork wasn't completed, so that I could take the blame for her," Murphy said.

Since then, AH is being investigated for perjury in Australia. Evidence came out she lied about charity donations...

One of the most corrupt men in the world winning a libel suit cos a judge accepted AH's perjurious testimony over evidence, isn't the win you think it is

Depp's always been an addict. But he was cleaner during Rum diary. Her abuse (it was brutal mentally/physically) made him so low that.. well, the state of him during the relationship was bloated/mess. Before & after (though older) he's healthier. HE was the victim and it shows.

Unaltered photos of bruising that corresponds with a nose job that she didn't pay for. Contact bruising through physical violence is accompanied by swelling. Try it. Smack yaself in the face with rings and see how much your eye socket swells. Might wake you up, too.

Fucked, man...
I got another one...
I just can't see this... She is as full of shit as a Christmas Gossel!
I'm done NO MORE... It's over...
The coming days are demoralizing, belittling, most heartbreaking since it's only
handed from a malicious, evil and vindictive outfit! But, you know what... IT'S FAR MORE
hurtful than her venomous and degrading, endless, "educational" ranting... IT'S her
husband who is the real abuser! He trades and her goddamn stocking. Instead of the man she
was meant to love, above all.
He's the real deal, mate...
Her...? She's not even... IT IS far more important... She is SO FUCKIN AMBITIOUS!!
She's so desperate for success and fame... That's probably why I was acquired, mate... It
All started with her... She's the reason why a sad old male, has been I am...
Conan has done me the most cruel of favors...
I can't believe it... my middle finger off... What should I do?? Except, of course, go to a
Hospital...
The world is unprepared for jumping into anything with her...
FUCK THE WORLD!

Joking about knives and murder is fine though. They both have dark senses of humor. But on the audios there was only one abusive character. If you can't admit that you are quite special.

In England building designs differ from room to room, depending on the quality of the build. I truly hope it's not her, a lot have questioned it. Photo seems to have slimmer legs, as around the time of UK arrival before she filmed her death scene/started ploughing boxes of wine.

UPDATE: Johnny Depp vs Amber Heard (ACLU-NYC)
ACLU CEO Romero Re-argue to not compel him to give a deposition- DENIED
Depp has demonstrated that Romero has unique information that could not be obtained by another ACLU representative
In other words - AH ACLU position DENIED AGAIN

NEW YORK COUNTY		PART	37
PRESENT:	HON. ARTHUR ENGORON	Justice	
		X	
JOHN DEPP II,	Petitioner,	INDEX NO.	154545/2021
		MOTION DATE	09/14/2021
		MOTION SEQ. NO.	003
- v -		DECISION + ORDER ON MOTION	
AMERICAN CIVIL LIBERTIES UNION FOUNDATION, BENJAMIN WIZNER, ANTHONY ROMERO		Respondents.	
X			
The following e-filed documents, listed by NYSCCEF document number (Motion 003) 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91 were read on this motion to REARGUE			
Upon the foregoing documents, it is hereby ordered that respondents' motion to reargue is granted, and upon reargument, this Court adheres to its initial determination.			
On July 22, 2021, this Court issued a Decision and Order, familiarity with which the Court will assume, which granted, in part, petitioner's motion to compel compliance with a series of subpoenas issued to respondents.			
Respondents now move to reargue solely to the extent of asking this Court to reconsider ordering respondent Anthony Romero, Executive Director of respondent American Civil Liberties Union Foundation ("ACLU"), to produce for a deposition. The ACLU asserts that Mr. Romero's testimony is not necessary or that this Court has held relevant. The ACLU argues that it should be allowed to produce a corporate representative of its own choosing for a deposition in place of Mr. Romero.			
However, despite the ACLU's assertions, petitioner has demonstrated that Mr. Romero possesses unique knowledge that could not be obtained through a corporate representative. Petitioner has demonstrated that Mr. Romero and Ms. Heard engaged in direct conversations and emails (NYSCCEF Doc. No. 17) that may be relevant to petitioner's action pending in the Circuit Court of Fairfax County in the Commonwealth of Virginia.			
Thus, for the reasons stated herein, respondents' motion to reargue is granted, and upon reargument, the Court adheres to its initial determination.

Sorry, but the doctor told me to stay away from cholesterol. Apparently it's dangerous for one's health. I don't wanna almost lose my finger or end up beaten & bruised or with a lawsuit or all of the above.

You can stick that cheese up your manipulative lying ass, you bi**h!! 🤦

My god you look dreadful. I guess all your surgery, cheap cheek implants and makeup can't hide the stress of finally being exposed as a lying abuser anymore. I don't imagine the few bottles of wine a day help, either. 😊

Edited metadata in photo "evidence" suggests 1 thing and 1 thing only - women CAN lie out of revenge. Take a seat, wait for the extent to be uncovered in VA. The reason a "victim" tries 4 times to quash the case is cos TRUTH prevails #JusticeForJohnnyDepp #AmberHeardIsAnAbuser

 **amy** @heardpride · Oct 15, 2021

Amber Heard is a victim of DV with voluminous evidence and a win in the UK. STILL, she is not believed. If Amber who has every resource at hand and all the evidence can't be believed what hope has any other of us?

Women, stay strong - Amber Heard

No classique photo can hide the entire world (with half a brain) knowing you framed Johnny Depp, cheated on him with Musk who you later blackmailed with embryos fought hard to destroy, for money & protection with forced contracts/roles - then creating life out of spite.

If it not "their truth" / Amber's "truth" you're not allowed to comment. They contradict themselves all the time because they don't believe in anything they claim to advocate. She likened her migraines to the holocaust for one.. I think being so far up Amber's arse isn't helping.

Unless your bestie manipulates the richest simp in order to blackmail with embryos fought hard to destroy, so truth in journalism is silenced. Contradiction at its finest. How's the nannying going, doesn't it give you migraines to compare to the holocaust? #justiceforjohnnydepp

Eve Barlow @Eve_Barlow · Oct 14, 2021

There has to be room for truth in journalism. There has to be room for honesty in art. Thought should not be policed. Media should be open to controversy. This is about all of us, whether it's already hit you, whether you're next. Nobody is exempt.
