yes, and also in the light of the news about Kathleen Zellner joining JD's legal team.., which by the way, media ignores to report...so. we will witness lots of PR stunts from Amber's side, in attempt to gain sympathy and support as we get closer to the trial.

probably a lot! it's all coordinated PR as the USA is approaching,to gain support. @Variety did not report about Kathleen Zellner joining Johnny Depp's legal team, yet, they are so eager to promote Amber's work projects, to make it look like she is in high demand.

remember, the trial will not help her image at all...of course, media will have a blast reporting about the new role, and her PR will be in full swing, but no amount of this paid publicity will save her image....we have KZ on Johnny's team, who will tear her apart in court.

Didn't Bouzy's last @BotSentinel report fail #AmberHeard in court completely? The court found its conclusions to be unsubstantiated by valid evidence. Evidence I've seen here on Twitter indicates #BotSentinel is a scam, just a front for organized harassment-for-hire #BouzyGotSued

The 🌎, 🙋 DV survivors, & real feminists stand with Johnny Depp because they know all on what Johnny went through. They did their research on the case and know how they must not rely on misandrist rags like yours to get the proper facts of this case. #JusticeforJohnnyDepp 8/

piece of garbage has a role. #domesticviolence is NOT OKAY AMBER!

#JohnnyDepp No one deserves the b.s. you have had to and continue to go through with her. Please believe you have the support of those who are also victims of D.V. though not all of us have to be starstruck to be there for you and not all of us can be there for you in person. Although I know at least a few good people who I think you would be comfortable around. Sometimes that's all a person needs.

#AmberHeard I've known too many people like you. You lie to and manipulate others, doing everything in your power to maintain complete control. You are spiteful and hateful. You do not acknowledge or admit any wrong doing for you are too blinded by your narcissism to truly care about others. I am not afraid to judge and so, I judge you to be unworthy of success and happiness. Furthermore, if I had the power to do so, I would take everything from you until you acknowledge, understand, and accept responsibility for your heinous actions and make

If u have time 2 demonize Johnny Depp in ur misandrist newspaper, then u have time 2 share the facts that everyone who interacted with Amber 🤡 only has negative things to say about her. #JusticeForJohnnyDepp 10/

TOASTER WEEKLY DIGEST INC. · 3 days ago

As someone who worked with Amber for more than a year and a half (side by side for 4 hours a day for 4 days per week for nearly half that) I can tell you she's a horrific, manipulative person. She'd never work again if Johnny Depp secretly recorded HER. And for those who won't take it from me, think to yourself if Johnny's other girlfriends ever complained about him (even after Amber's accusations) yet Amber Heard is on record for being an abuser in her past. She is a horrible person, manipulative, opportunistic, abusive and brutal.

USA trial is approaching, so they are reinforcing the UK verdict to

manipulate the public into believing she is a victim, because the judge ruled so. In other words, no matter what happens in USA, she already "won" a case in UK, and the verdict was fair.

When RN Jennifer heard about it, she went there & adopted John's dog, so that she could bring him to visit while he completed his rehabilitation. This kindness is the most precious Christmas gift.(AW) ❤️🎄

honestly.. no! feminism is toxic...it's about degrading men at all costs! if she loses the VA trial, they will keep the same narrative " woman silenced by a powerful man...she is a victim of a broken justice system...she is being harassed by her abuser through courts, etc.."

Hollywood hypocrisy cancelled the true victim. Amber Heard lied & she did this knowing all too well her reach & influence her platforms afford her. She abused her position to punish & humiliate #JohnnyDepp, as publicly as she could & profited off real victims. #FireAmberHeard

Johnny Depp's head before 'clocking' him in the jaw, in explosive audio tape confession

* Amber Heard admitted to smashing a door into Johnny Depp's head in an explosive audio tape recording, exclusively obtained by DailyMail.com
* This audio tape was later leaked anonymously, but Heard has since claimed it got lost in their 2016 divorce papers.
* The actress claims she didn't meant to slam the door into Depp's face - but says of the moment: "I'm sorry I HIT YOU like this. But I DID NOT PUNCH YOU. I DID NOT F*CKING DECK YOU. I F*CKING WAS HITTING YOU. I don't know what happened."
* Amber Heard admitted to smashing a door into Johnny Depp's head in an explosive audio tape recording, exclusively obtained by DailyMail.com
* The estranged couple tried to talk things over regarding their marriage problems and Heard opens up about her violent tendencies in a series of taped conversations
* Heard had hit him this once. "I meant to death we are a ***ing crime scene right now. Don't hold back." she said.
* She said: "King was hitting me... I didn't know what the mother of my hand was doing. I just wanted to get away from him. I didn't know what he was doing."
* The 33-year-old claims Depp "flossed the tire right down on me, telling him 'you are such a baby. Give me the *** up'."
* There were also allegations of an incident in Australia where Depp suffered a severed finger one month into their marriage.
* The actress admitted in an interview that she has been physically abusive ever during their 14-year relationship, but claims she has since changed.
* Heard is a domestic violence victim, suggesting court would take her side because she's a slender woman in explosive audio

You get a strange feeling when you're about to leave a place. Like you'll not only miss the people you love but you'll miss the person you are now at this time and this place because you'll never be this way ever again.

It's people like you—"journalists" who said women were lying about menstruation issues after getting the vaccine. Now that the @NIH is finally acknowledging & studying that reaction— does that make it more true? What about teenagers with myocarditis? Were they all liars at first?

Professor Whitty beefing with the ghastly @NICKIMINAJ (one of the rudest little madams I've ever met) is not the breaking news that I expected today - but it's most welcome. She's peddling lies that will cost lives.

Evil is real.

rosemcgowan Remember when Hollywood actresses & paid off activists wore stupid black dresses at the Oscars? That was sponsored by Times Up who were meant to help abuse victims I told the world they are a lie 3+ years ago. I was mocked & harassed by so many who want to believe the illusion. Wake up. Hard truths are inconvenient & uncomfortable. So what, suck it up. Milano, TimesUp, fake performatives and profiteers. Alyssa's statement at the time was gaslighting in full effect. She said of my truth telling, 'Hurt people hurt people.' No, Alyssa, it's lizard people like you, SDK Knickerbocker, Gov Cuomo, the Pres, Tina Chen who hurt people. Your time is up. Exit stage left.

When Amber Heard attaches this check email from talking about a check from JOHNNY DEPP as the ONLY proof she did anything to fulfill her pledge to donate to Children's Hospital up to date you know she has nothing better to show on the subject.

August 24, 2016

Ms. Tiffanie Al-Nasser
Children's Hospital
Los Angeles Foundation
800 N. Brand Boulevard, 20th Floor
Glendale, California 91203

Dear Ms. Al-Nasser:

Enclosed is a check in the amount of \$100,000, which constitutes a donation to Children's Hospital Los Angeles Foundation in the name of Amber Heard. This donation is being made in accordance with Ms. Heard's pledged gift of \$3,500,000 to Children's Hospital Los Angeles Foundation. This check represents the first of multiple scheduled installments to honor the full amount of Ms. Heard's \$3,500,000

pledged gift.

Very truly yours,
Edward L. White

believe him to be true because men are stronger & more aggressive, while women are weaker.

EQUALITY!!!

#johnnydepp #amberheard

When Amber Heard accused Johnny Depp of Domestic Violence, all she had to do is, write an OpEd in a newspaper for the world to believe and pour immense sympathies for her and extreme anger against him. She became #MeToo ambassador, fetched multiple deals, signed by UN. BUT BUT BUT Johnny Depp had to produce 87 surveillance videos, several photographs, 17 depositions & witnesses to prove that it is actually he who was victim and not her! Still, she faces no repercussions.
EQUALITY!!!

Panama is a ver small country. When we have celebrities here, people notice and ask for photos. No one gave a fuck about Amber, not even the press. She's just using our indigenous kids for photo opps knowing damn well she pocketed \$7 million she said she donated for sick kids.

Panama 2019. My mission work with UNHR is one of the most enriching parts of my life. Missing it. [@UNHumanRights](#)

it's funny, due to the pandemic, nobody is doing any events, yet she
manages to fool the public into thinking those photos are from 2021. there
was a virtual event, Women of Worth that aired on NBC, in 2020, but she did
not participate in it.. it's all a PR stunt.

#justiceforjohnnydepp #amberheardisanabuser
-  lucykateogara Hi Dan, I'm here not as a Depp fan but as someone who has closely followed this case for ages. It is so easy to say "but we don't know what happened, that's between the two of them" - that would be fine if this was just some petty divorce drama. But it's not. It is so much bigger than this. I am a criminal defence lawyer and represent men who have had their lives ruined by false criminal allegations. It destroys lives. People commit suicide over this sort of stuff. Johnny has experienced this on a global scale and has dealt with this for 4 long years. The saddest and most tragic part is that not only did she lie about him but she actually abused him too. She knows she was the abuser, the one who perpetrated violence yet still went onto lie. There is no forgiving and burying that. This is not about trashing or bashing Amber Heard

IS NOT ABOUT HATING OR HATING AMBER HEARD.
It is about making a stand for male victims
of domestic abuse and people who have
their lives ruined by false accusations. If we
don't shout about it, what change will there
be? People are angry at WB because they've
sided with an abuser and abandoned a
victim. As I say, this isn't about hating on
Amber. She needs help and therapy but
she also needs to be outed for the wrongs
that she has caused so she doesn't destroy

LOL Chew with the savagery.
- Dear Elaine,
- Please allow this to serve as a response to the emails you sent last week, which are incorrect in multiple respects, and could easily be construed as an attempt to create a false written record on the eve of Mr. Depp's deposition.
- As an initial matter, we are puzzled that you seem to feel the need to litter your correspondence on discovery matters with such accusatory language. Despite the clearly harassing and harassing nature of many of the discovery requests issued by your office, Mr. Depp's team has acted in good faith, and has produced more than 18,000 pages of documents to date, far more than Ms. Heard. As of the date of this email, we believe that all productions that were either agreed or ordered are now complete (while obviously reserving the right to produce after-discovered documents). As such, we do not believe that we are in violation of any orders, and your continued attempts to suggest the contrary are highly misleading and inappropriate.
- We are also puzzled at your continued demand that we identify responsive documents by Bates number, a demand for which you have not offered a shred of legal support. We are aware of no rule in Virginia that requires a party to list out documents by Bates number in response to requests for production, and you have cited none. In an effort to address concerns that you raised, we nevertheless went beyond our obligations under the rules, and provided a non-comprehensive sampling of Bates ranges containing responsive information.
- We are under no obligation to identify each responsive document by Bates number, and will not do so. If you contend that such an obligation exists, feel free to provide us with legal support for that contention, and we will be pleased to consider it (in which case we would expect that Ms. Heard would reciprocate and immediately identify each document in her productions that corresponds to each of Mr. Depp's requests). In the absence of such authority, Ms. Heard has numerous attorneys, and we trust that you and your associates are well capable of reviewing and analyzing the documents for yourselves.
- Please see more specific responses to your inquiries in red below.
- We are always willing to engage in a telephonic meet and confer, to the extent that you believe that would be helpful, and should any legitimate gaps be identified in our production we will of course act promptly to correct them.

This judge is apparently unaware of the crime of perjury >>> lying under oath. I'm not up on UK law but it sounds like an appeal is warranted of the judge ignored the evidence and relied solely on testimony.

Found this interesting posted in another forum. Dr. Robert Hare following the trial and comments on Amber Heard

In my opinion, this woman looks like a psychopath. According to a renowned expert, Dr. Robert Hare, who has studied psychopathy disorder for decades, beings like that have no conscience and think nothing of telling lies because they feel zero guilt. AH seems to think that this whole thing is nothing but fun and games and likely, secretly sees even the judge as a pathetic little pawn in this fun game. To creatures like this, everyone is to be "played" and everyone is a fool, this is how you win at life. Blatant lies and twisting of stories will easily confuse the fools, they seem to think.
Real victims of DV are seen as possessions by their captors. Typically, a DV predator will isolate their victim from anyone who might support and help them. It is highly unlikely that any such predator would ever allow their victims friends to live in their home... Also, she wanted to keep the condo, right? And some of Johnny's possessions and gifts he gave her. That is something else that does not fit with the typical dynamics of DV. A true victim will want to flee and hide, forever! They will not want to stay where they would easily be found (and predators expect the location of their "possessions") If she was a real victim for them, she would stay at the location where they were separating, though, they would likely jump at the first sound, be afraid that their abuser could show up at any time, no matter how much security is in place. The victim would not even want to be in the vicinity of where the abuse took place, too many memory triggers! And AH certainly has enough wealth, in her own right, to find new posh digs, hidden far away from "the monster" who threatened her life! Wild horses could not have dragged her to that ComicCon convention and I'll bet that someone informed her that Johnny would be there. I saw footage of her smiling, posing with co-stars and signing autographs outside, without a shred of worry ("Where is he!!"), as a real victim would be very nervous, knowing that her personal terrorist was at the same venue.
And oh look! Now the case is making headlines!! Oh what momentum this is causing for her "case". I will bet that excites her. I would not be the least bit surprised, even if all of the cases are resolved in Johnny's favor. She is going to ride this publicity wave for all it's worth and is going to keep on insisting that he abused her (no guilt about lies). Then she may cry, "see ladies, this is what happens when you step up after suffering abuse we must make noise for change so that victims are heard, respected, validated and get the justice we survivors deserve." After all, doesn't she twist everything else, even a very thoughtful, nice surprise, like getting her car fixed up, into her being wronged somehow. And how convenient to bring up Kate Moss. The quazy-truth here (and liars love to throw in little kernels of "truth", for convenience) is that KM did not make a WS, so the story of her getting thrown down the stairs by Johnny "must be true" because she did not come to his defense.
She really is a piece of work!
I have been enjoying all of your input and paying attention, even though I do not post much.

No new Crown Court trials will take place in England and Wales if they are expected to last longer than three days, following concerns from lawyers amid the coronavirus crisis.

They had urged a halt to jury trials to stop "Russian roulette" with the health of legal staff, jurors and the public.

The government says during the current phase of the outbreak, courts and tribunals will continue to operate.

But long cases listed to start before the end of April will be adjourned.

Pressure on the government and judiciary to stop new and halt ongoing jury trials has been growing, as jurors and court staff up and down the country heed government

Adam Waldman wants to make it clear again: 🙏 #johnnydepp

Johnny Depp's attorney Adam Waldman tells The Blast, "Amber Heard subpoenaed her own and Mr. Depp's texts with their talent agent, hoping for a word or sentence she could cherry-pick and give to her media friends. Be careful what you wish for. Instead, another time capsule of truth has arrived to further obliterate Amber Heard's abuse hoax. The texts show Ms. Heard stalking Mr. Depp, luring him to a meeting in San Francisco that violates the restraining order she herself fraudulently obtained and then attempting a "ruse" to improve her reputation and divorce settlement terms. Throughout the texts, Mr. Depp consistently and emotionally denies her fake wife-beating claims against him. And this is merely a middle chapter in what remains a long book of physical evidence."

Hey OP, maybe you can explain why, if amber is so innocent, she has tried to have the case dropped numerous times? Maybe you can explain why she refused to give in any original evidence she claimed to have? Or maybe you can explain why Johnny refused to pay her off when she threatened him with selling her story to tabloids? Oh no wait, maybe you can explain why she had to be forced to sit for her deposition after avoiding it so many times? Or no, here's an easy one for you, maybe you can explain why Johnny would be fighting so damn hard to have his name cleared in court, if there was even an ounce of truth to her claims, while she does not want it to go to court? Maybe you have an answer to her

court? Maybe you have an answer to her hiring Harvey Weinstein's former criminal lawyer? While we're at it, maybe you can explain to everyone how it is that, even after hearing for yourself in the audio, that Amber admitted to being violent because "she just gets so angry sometimes and loses it" and instead of Johnny yelling at her he says, "there can't be any physical violence in the marriage" otherwise they "have to separate" and yet, you're STILL making excuses for this woman who already has a criminal past and record of being abusive to a former partner. Or how it is that Johnny has a mountain of eyewitnesses who saw her commit violence against him, along with their sworn testimonies... Take your time,

2020, I'm ready. ☺

Fresh starts. Second chances. Perfect moments and new romances.
Ocean breezes. Salty seas. Kisses that make you weak in the knees.
Florence days. Paris nights. Fog machines and laser lights.
Chance encounters. Red eye flights. Rainchecks. Shadows of second sight.
Stolen moments never squandered. Foreign cities often wandered.
Losses like a knockout punch. A touch of hands that means so much.
3am apple crumble. I'm not fragile. That one time I took a tumble.
Cohabitation unexpected becomes a match made in roommate heaven.
Unexpected kindred spirits. Found in cabanas, scotch and the matching of wits.
Silly puppy cuddles. A trash thief that always baffles.
Walking in the woods alone. The magic of late night walking you home.
Solitude and peaceful bliss. Extended dates and a sweet kitchen kiss.
Tequila shots. Sleepy head scratches. Baking cookies in batches and batches.
24 hours on the great white way. Moments that take your breath away.
Legacies rise as heroes fall. Some who die to save us all.
Birthdays in London. Thanksgiving at work. Wake up calls. The crisp smell of fall.
Moments back home both big and small. Slick variety shows and kids baseball.
Full circle friendships broken and mended.
Places so ancient they've never ended.
Finding the time for the moments that matter.
Connections so steadfast no distance can shatter.

BREAKING NEWS

Another Victory in Virginia Court for Mega Star Johnny Depp

Court transcripts reveal not only did honorable Judge White immediately DENY Heard's request for an IME, Judge White found the request inappropriate and in poor character. Court transcripts also reveal the same doctor Miss Heard was called into her defense to smear Mr. Depp with his admitted struggle with drug use states he is now a fact witness for Mr. Depp. The good doctor having witnessed personally, physical abuse. Dr. Kipper will be testifying in the trial in Virginia for Mr. Depp which Mr. Depp did not respond to physically. Ms. Heard has been trying to avail so far to get this case dismissed. Ms. Heard along with her Weinstein Times Up attorney Rebertha Kaplan also tried to get a protection order for the case saying, if the evidence and facts of the case get out to the public Ms. Heard will be criminalized. This was also DENIED.

And included in the records that will be produced today, if they haven't been already, are the records of Dr. Kipper. Dr. Kipper is also a fact witness. We expect him to testify that he saw, he personally witnessed violence between the couple, but the violence was initiated by Ms. Heard. And Mr. Depp did not even respond physically to that violence. He will testify to that as a fact witness. So this is a case of be careful what you wish for.

Johnnys lawsuit, asking for a demurrer to have it dismissed and/or a Plea in Bar. So November 8 is only a hearing. Now the VPA also wants to be heard as a friend of the court regarding her OpEd being covered under Virginia anti SLAPP law. Anyway, if the judge rules in November 8 that AH can file her demurrer, it won't be heard until November 22

Now this was to be heard earlier this month. But AH team opted to delay this hearing and push forward the hearing on the motion to compel, which AH won. That means, all of

Johnny's documents, medical, arrests, partners, etc will be in AH hands before her dismissal hearing in November 22. If this case were to get dismissed, think about what AH now has at her disposal to leak. Only the medical records were ruled to be kept private and protected, as I understand.

Interesting, that AH seems to be supported by people with some "sex skills": Franco, known as a sexual harasser, Alana as a sex worker, Kaplan, former lawyer of sexual perpetrator Weinstein, Amber herself, with tendencies for exhibitionism and soft porn... just saying... ;-)

Oh dang. Amber Heard did beat others and it will be shown at trial!! She is stepping off into something and she will grow to regret it.

#JohnnyDeppisINNOCENT

"Amber Heard no longer feigns any effort to prove her abuse hoax," primary Depp attorney Adam Waldman told Deadline in very stark terms, and the Endeavor Law Firm attorney rarely minces his words. "If she wanted to do that, she and her co-conspirators would stop running from their depositions."

"Instead, Ms. Heard's #TimesUp legal team have moved on to the tactics their former client Harvey Weinstein perfected – smear the victim with PR innuendo," Waldman doubles down. "For the avoidance of doubt, the only person in this case who beat a woman is the self-appointed #MeToo spokesperson Amber Heard, and she was arrested and incarcerated for it. And she savagely beat others, as will be shown at trial."

Actor Amber Heard, who in 2016 accused ex-husband Johnny Depp of domestic violence abuse, revealed the painful aftermath of her experience at an event Thursday on sexual violence during the United Nations General Assembly.
"What I survived was not the worst that happened to me. It was what happened after," Heard said Thursday, speaking to ambassadors and other international government leaders at the European Union's mission to the United Nations. The movement has done a lot to take our outrage on to end sexual violence. "We have to codify it," Heard added. "My assault matters."

PROTECTING WOMEN FROM INEQUALITY AND INJUSTICE

A Panel Discussion with Cherie Blair CBE QC, Amber Heard & Phumzile Mlambo-Nguka

On the eve of the 21st Century's third decade, women worldwide still face considerable inequalities and injustices. These are most pronounced in developing countries, where women are denied basic human rights, and lack sufficient protection in law from injustice such as domestic violence. Even the most successful women face prejudice and discrimination.

Join the discussion where our panellists will focus on the important role of the United Nations and how the UN can promote equal rights for everyone by addressing its specific areas of injustice and defending women around the world. Each of the women on the panel is personally involved in fighting for women's rights across the globe.

- Cherie Blair CBE QC, Chair of Dering Strategy LLP and founder of the Cherie Blair Foundation for Women
- Amber Heard, actress and activist, UN Human Rights Ambassador and ACLU Ambassador for Women's Rights
- Phumzile Mlambo-Nguka, the United Nations Under-Secretary-General and Executive Director of UN Women. Phumzile has devoted her career to issues of human rights, equality and social justice – working in government and civil society notably as Deputy Secretary-General of the United Nations and Minister of Social Development while Phumzile is the only woman to have led a major investment company in Kenya.

In considering the role of the UN system and how it can assist women facing injustice, the panel will discuss key ongoing cases around the world, including the high-profile case of Modesta Lazcano, a successful businesswoman and single mother to a 6-year old boy who has been unfairly detained in Kuwait.

Cherie Blair CBE QC is the Chair of Dering Strategy LLP, a law firm specialising in disputes to complex international problems including human rights issues and transnational disputes. Cherie is a renowned international lawyer, Queen's Counsel and wife of former British Prime Minister Tony Blair. She is a UN Human Rights Ambassador and a UN Special Rapporteur for Human Rights – notably Her Cherie Blair Foundation for Women formed a partnership with UN Women in 2014 to accelerate women's empowerment around the world. Cherie's legal practice represents Modesta Lazcano, a successful businesswoman who is the only woman to have led a major investment company in Kenya.

Amber Heard is a world-renowned actress and an outspoken advocate for women's and children's rights. Amber devotes her time offscreen to support and lend her voice to many progressive organizations such as March for Our Lives, Human Rights and Amnesty International. She is a UN Human Rights Ambassador and ACLU Ambassador for Women's Rights.

Phumzile Mlambo-Nguka is the United Nations Under-Secretary-General and Executive Director of UN Women. Phumzile has devoted her career to issues of human rights, equality and social justice – working in government and civil society notably as Deputy Secretary-General of the United Nations and Minister of Social Development while Phumzile is the only woman to have led a major investment company in Kenya.

"Amber Heard didn't want to keep things secret when she concocted her diabolical abuse hoax, sought a temporary restraining order with painted on bruises, aimed her fake story at Johnny Depp through the world's media, or had her hoax-assisting friend Jo Tillett Wright publish an op ed titled 'Why I called 911.' But now, as the evidence blows her story to smithereens, Amber Heard suddenly wants to keep the truth a secret. Today, Johnny Depp filed an opposition motion requesting that all the evidence in his defamation case be publicly available so his reputation may be returned to him."

Show this thread

"There is a stark irony at the heart of this case. In her role as an advocate for women's rights, Ms. Heard wrote an op-ed about the horrendous backlash she encountered after coming forward as a survivor of domestic abuse. Channeling the voices of the #MeToo and #Time's Up movements, Ms. Heard called upon society to protect women from the harassment they inevitably face when they summon the courage to speak up. Although Mr. Depp is attempting to further harass our client by suing her for defamation, his claims are baseless and should be dismissed, as indicated by our recent motion. And his efforts to threaten the public release of private information such as medical records only highlight his hypocrisy in seeking to try his case not in court, but online. Mr. Depp will soon learn, however, that our courts have strong mechanisms for dismissing baseless claims and determining the truth. Now that we are in this case, we fully intend to put an end to this meritless bullying of our client once and for all."

remio amaro al glamour va invece alla ex coppia Johnny Depp Amber Heard. A Venezia 72, nel 2015, fu il clou hollywoodiano dell'edizione. Superato lo choc di **Johnny Depp ingassato**, l'attrice di Aquaman e Depp danzarono su niti red carpet di baci e fotografie di serenità. Che nel giro di una manciata di giorni sarebbero state smentite dalle foto delle violenze domestiche, dalle accuse di tossicodipendenza, dalle denunce dei bodyguard. Valanghe di cause legali ora oggi si trascinano con tanto di ripicche a mezzo stampa tra **Amber Heard e Johnny Depp**. E a quanto pare gli strascichi giudiziari avrebbero stressato così tanto a Johnny Depp da fargli mollare la fidanzata russa, ma di conferme non ci sono.

The actor's attorney Adam Waldman confirmed to PEOPLE he plans to subpoena Franco and Elon Musk as "fact witnesses" on behalf of his client. "We already know from 87 surveillance videos and 31 eyewitnesses what Elon Musk and James Franco saw the week of May 21 — that Ms Heard's 'battered face' was a hoax," Waldman said.

A rep for Franco did not immediately respond to PEOPLE's request for comment.

Narcissistic Sociopath

Female predators are not opposed to using their bodies to get what they want; they have no qualms using their appearance and sexuality to climb the corporate ladder, to take advantage of a dating boyfriend or to seduce a stranger, so long as it benefits them. They get off on the power and control – and their thirst for new victims is insatiable. **They are notorious for having extramarital affairs**, engaging in numerous flirtations and indiscretions and constantly surrounding themselves with admirers (everything from exes to potential replacements).

They can lie, manipulate and con their way into people's hearts and lives, pulling the wool over your eyes quite easily while they pursue their own agenda.

Narcissists become furious when you begin standing up for yourself, especially after they've been accusatory and critical, and you finally say something about them or their behaviors in return. They will pay you with raging tantrums and attacks. They are like bullying little children who feel entitled to say and do whatever they wish, but become enraged if you say anything back about them. Narcissists think their victims have no rights, especially to defend themselves. A narcissist thinks you need to shut up, agree with everything they say, and not say one word in return. They try to hold everyone else accountable for even tiny things they see as slights, but will never, ever, be accountable for their own behaviors.

WHOA. This just posted over at People Mag:

"I've known Amber for close to 10 years. I had to call it out before another man gets destroyed. Amber and I were buddies in her pre-Depp days. She was known in LA to sleep with men in exchange for coke. Also, she stalked Depp for three years before meeting (him) and starting dropping stories to the tabloids even before they were married. She's a pro at manipulating men through the press. I watched what she did to Depp and probably should have said something then, but we have mutual friends and I didn't need the drama. Now, I'm watching her run the same game on Elon Musk and couldn't sit back and watch her do it again. I've heard through the grapevine people have warned him away and he hasn't listened. But he really should."

Can we all take a moment to imagine Amber Heard asking to building's employees to LIE for her and tell that they saw bruises since she was about to sell her story to @people Magazine? 😳 Yes, that happened and it's horrendous. I'm speechless. #JohnnyDepp

d. Deposition transcript of Trinity Esperanza, head of desk staffing and security at Eastern Columbia Building, a copy of which is at pages 116 to 206 Exhibit JCD1, in which she says:

"She [Amber Heard] said that she had close connections with People Magazine and asked if we could help her ... She just needed help because of that quote that was put out there was stating that the front desk confirmed that we saw her without a mark on her face after the incident had occurred ... We [the Eastern Columbia Building Staff] -- we became aware of the allegation -- the allegations. And so Alex and I discussed that we saw -- that we knew that she didn't have the mark all week long and that she now had it on Friday. I said to both of them, "I saw her and she had nothing on her face." ... we talked about it, obviously it's a huge propaganda. I mean, so we talked about it and we discussed that we saw her previously that week and there was nothing on her face. And then on Friday [May 27, 6 days after she alleged the wifebeating], we saw that she had a mark on her face."

Depp acaba de apresentar no processo contra o The Sun, documentos legais e vídeos de segurança citando novas evidências de que ele nunca bateu na ex esposa ...

"23 PM PT - O advogado de Depp, Adam Waldman, disse ao TMZ "As dezenas de arquivos de vídeo de câmera de segurança do Eastern Columbia Building recentemente adquiridos, juntamente com vários depoimentos de testemunhas oculares recém-obtidos e depoimentos prestados em 2016, não deixam dúvidas de que Amber Heard falsificou as alegações de abuso que sustentam a difamação da Sun contra Depp." Mais uma vez, Heard afirma que Depp a atingiu com um telefone e as mãos.

Johnny Depp acaba de apresentar documentos legais citando novas evidências de que ele

Amber também tirou fotos de vidros quebrados no apartamento, alegando que Johnny jogou o vidro e quebrou-o na unidade. Uma das testemunhas declarou em sua declaração: "Não havia vidro quebrado que notei no apartamento na época".

Amber insistiu com firmeza em sua versão dos acontecimentos, e Johnny insinuou que ela se desmagnetizou para tentar obter vantagem.

Mais uma vez, os novos arquivamentos estavam em conexão com sua ação de difamação contra o The Sun. Depp diz: "Eles devem ter feito uma decisão positiva em apresentar um quadro totalmente unilateral, deixando de fora o meu lado da história e fingindo que ele não existia ou não vale a pena ser considerado".

Ending 2018 by trying not to be bothered by Amber Heard's & full-of-lies PR campaign but - since @ATRVTfoundation seems to be willing to listen-, sending them an email about people's outrage.

Because how can smuggling dogs in Australia be OK when human trafficking is not?

Why Amber Heard? Aggiungi etichetta: ⚡

Martina a cassanoff 2:32 PM Vedi dettagli

Dear Mrs. Samoff,
I've been told to contact you via email because I feel outraged.
Since Amber Heard has been accused and arrested for assaulting and abusing partners, had pleaded guilty for smuggling animals in an australian trial, I've immediately find it very weird that you chose her as winner of your award.
Besides, where can I find all the motives behind Amber Heard's award? I'd love to know more about her alleged work to end human trafficking but I'm struggling to find a press release or something about what she did.
Can you clear my mind?

Alliance to Rescue Victims of Trafficking, atrvt.org, is a Washington D.C. organization that helps raise awareness and find a better way of humanitarian programs, research and advocacy resources to help rescue trafficked victims. Our mission is to build a SAFE HOUSE to rescue trafficked children. See our national PSA featuring Ed Harris. <https://www.youtube.com/watch?v=d2NO0h81uJU>

January is Human Trafficking Awareness Month. On January 10, 2019, at The Montage Hotel in Beverly Hills, California, Alliance to Rescue Victims of Trafficking will be presenting two celebrities.

She's an confessed abuser (under oath in court of law) meaning she confessed beating up previous husband and she was also arrested for domestic violence. She's just trying paid charity to save her own career from collapsing. More proofs to come still.
