I didn't say "most probably", I said, it's a fact that she is not Berlin-Based. I said trust me (because it's a fact). You just didn't trust me. So I referenced to the imprint, basic thing a journalist at THR should begin with, but still you wanted to dispute an irrevocable fact.

Yeah, confusion. But there exists an audio, where the unfortunately deceased longtime bodyguard of Johnny Depp said, that she cut the finger off and you can hear the hysterical psycho Amber Heard in the background and it becomes clear that she was actively involved.

I don't have to excuse texts he wrote to a friend in rage about this psycho. And whatever she wrote about him, well she wrote it. But it's Heard who came up with private email from Johnny Depp in court(!) as evidence, she said she was threatened by this email, which is ridiculous.

You didn't need to do so, cause I know my facts. Celeb horny Barbara Sturm (pics are from events) lived in Düsseldorf, she owns an apartment there, she worked as an orthopedist(!), was lucky enough to meet a Hollywoodstar in DD, was lucky enough to meet Adam Waldman in L.A. 😊

Smashing hotel rooms eg was quite "normal" rockstar behaviour then, nothing for snowflakes of course. "Threatening behaviour" towards paparazzi is not that rarely as well. The incident 2018 was not as you told.

Do I understand you right, those 📈 are the "facts" that Johnny Depp allegedly abused Amber Heard 2013 and later – after the poor terribly abused thing had urged to marry him –, but #AmberHeard did not abuse #JohnnyDepp? 😊

There's a very weird pattern in the accs that constantly defend johnny depp, almost like there's a smear campaign against amber 😊 keep believing in distorted fan threads lg

This free speech killing crap platform still doesn't get it or better does not want to get it, that those features not only get misused (like the block and report button) but will bury free speech even deeper.

 Twitter Safety ✅ @TwitterSafety · Aug 17
We're testing a feature for you to report Tweets that seem misleading - as you see them. Starting today, some people in the US, South Korea, and Australia will find the option to flag a Tweet as "It's misleading" after clicking on Report Tweet.

Why? America was whipped by a tiny rebel force and couldn't even retreat properly.

Meanwhile, the American people are angry, COVID weary, & divided.
