"Another thing with 'Pirates of the Caribbean' is that it's very much the 'Johnny Depp as Jack Sparrow' show, and Depp, personable though I'm sure he is, is so overblown, so overrated," Cox adds. "I mean, 'Edward Scissorhands.' Let's face it, if you come on with hands like that and pale, scarred-face make-up, you don't have to do anything. And he didn't. And subsequently, he's done even less. But people love him. Or they did love him. They don't love him so much these days, of course."

i do not usually share news on this account, but i feel like i have to share this.
ashling was a 22 year old irish woman who went for a run in broad daylight
in a public area. she was murdered by a stranger.

Exercising along a popular walkway in broad daylight. Officers believe Ashling was beaten to death by a man in what was a random attack on the Grand Canal in Tullamore, Co Offaly, in the afternoon.
The area has become extremely popular with walkers, joggers and cyclists in recent years, and even more so since the onset of Covid restrictions. Junior minister Josepha Madigan tweeted her shock at the incident and her condolences to Ms Murphy's family.
"A young woman can't even go for a run along a canal pathway at four o'clock in the middle of the day – only to be attacked and murdered. Sincere sympathies to her family. We need to urgently address why we live in a country where this can happen."
A suspect in the case – a Romanian national aged in his 40s who has been living locally – was being questioned last night on suspicion of her murder.

I know I've said this before, but I do want to reiterate to everyone that Euphoria is for mature audiences. This season, maybe even more so than the last, is deeply emotional and deals with subject matter that can be triggering and difficult to watch. Please only watch it if you feel comfortable. Take care of yourself and know that either way you are still loved and I can still feel your support.
All my love, Daya.

Amber Heard has a video of Johnny Depp behaving aggressively and violently, smashing bottles and glasses in a drunken rage. She has photos of her bruised face. She has photos of her scarred arms. She has screenshots of text messages from employees and nurses backing up her claims. She has photos of the damage he caused. She has photos of her ripped out hair and sore scalp. She has screenshots of messages from Depp admitting he hurt her. She has multiple witnesses. She filed a restraining order. She did, in short, EVERYTHING a victim of domestic violence did and STILL his stans are saying "Where's the proof?". The proof is right in front of you. I cannot imagine how hard it must've been to have been demonised by the public and called a liar repeatedly over the past few years as Amber Heard has been. I applaud her courage. And you can red arrow away but the truth will out.
