against the califronia penal code

@charisaob i agree male or female it doesn't matter people know right from wrong i am sorry to hear what you went through i can only hope that you are s
tronger and in a better place than you were before thank you^m^ for your support
1
it is just unbelievable what lows she would sink to in order to get ahead the issue is she thought she would get away with it all but she did not count
he would have backed himself up with all these recordings busted !!
1
i will look into this i know she has a past that i just found out yesterday like i said i am just scraping the service of this and i will do my homework
and make a video on it
1
the biggest mistake he made was this woman
1
that is true it is possible they are in another room at the time she had these outbursts she treated them like gold she treated johnny like a turd
1
amber heard and wb said deppe fans are not important : https://youtube/74_j8lykyl0
1
lillysgrams1 me either because his past women would have spoke up against him he has no history but she does
1
she does this is a woman that people need to avoid i can only hope his injury is not bad
1
it is ok i hope we see you next time and all is well

i don't think they are cheating i think they were meeting up to talk about the virginia case also she was happy the sun won and musk had space x going o

@random that is not true at all if you think that then this entire life is
1
@el jacob what have you been up to ?
1
he tried everything to make it work his demeanor shows all there is to know an abuser would not act in this manner if he abused her why would he let her
go when he could just continue to do it? she kept pushing him he had no choice if my partner crapped in my bed and abused me why would i want to be in t
hat relationship ? 1
lmao^m^ well it is a good strategy
1
hopefully he wins the virginia case and she loses and that would be #justiceforjohnnydepp
1
your welcome^m^ and i am sorry for what you have gone through

blackballed out of the industry most parents want to protect their children i'd say that's a strong motivation for nichol to rule in favor of ngn forget
amber heard she has no power except what other's give her forget nichol people thought he sounded sick of ah during her testimony he was frustratedbecause

spends most of their relationship) her bpd ( abandonment terror) is not the problem it's him who has the problem! he's on medication? she is diagnosed as npd ( narcissistic) bpd ( borderline) with sociopathic tendencies & is on a anti psychoticy( seroquel) & he has the problem? his problem is he was married to a vile violent abusive manipulative & exploitative human being! much loveâ™yi, â™yi, â™yi

1  
 @char mc that's the definition of a narcissist everything is about them they believe they are above rules & laws ( look how many laws she is broken on at least 4 continents!!) she is nobody special but in her alternate reality she is much loveâ™yi, â™yi, â™yi

1  
 thank you for researching & covering what's going on in hollywood i know it's quite twisted (supporting ah) & jd has never been in hollywood & now they blame him for the judge ruling the handshake rule null & void in his case against tmg which is serious there are no contracts between attorney's & actors hollywood was in a uproar trying to get actor's to sign documents they didn't have to!! i doubt kimmel himself took down any videos he works for the studio thanks & much love to youâ™yi, â™yi, â™yi

1  
 none of this would be going on without murdoch for sure he is the reason she gets roles gets away with breaking the law & the reason jd is being blacklisted murdoch & jd go back over a decade long before he met ah i didn't know who murdoch was & he is the reason she gets off & the reason this is going on well said! much love

1  
 @vhffvj mjvddf he's been in 7 cases 5 went or are going to courtsince he met her he's won 2 with 1 thrown out against him for lying & no evidence (city of lies)

1  
 also she would just leave he isn't keeping her there he never looks at her faces her or calls her namesall things a abuser would do i found it painfully obvious on the 1st watch why is she apologizing? she claims nothing happened then depp responds to nothing you want to see crazy depp says it wasn't her so why can't people hear the dialogue even without knowing anything about narcissistic abuse she was love bombing him prior to the marriage i'm sure he found out after the marriage she gradually exposed to him her true nature that's what they always do

1  
 @sparkle p8nter it's called intuition!! always trust it it's never wrong much loveâ™yi, â™yi, â™yi, â™yi, â™yi

1  
 @spilling'zq i'm sorry you suffered that as a child teen young adult i hope you heal & wonderful things happen to you!! much loveâ™yi, â™yi, â™yi, â™yi, â™yi

1  
 @grimmer reaper that was ugly & unnecessary not everyone lives on celebrity news & her comment was valid & has 33 likes this is the sm morality police much love

1  
 when ah hit him in the bathroom incident it was over jd visiting his neighbor that was isaac

1  
 @peggy cearnach jf was there the night she called the police musk was there a week later the night before she went to court it's really easy to get a restraining order during a divorce it's a shame they 1) didn't notice 6 days had passed in which any bruises would have healed/jd was out of the country so it wasn't needed 2) media sucks! for making such a big deal out of it!!

1  
 @shay profit the cosby show

1  
 @stealth women did you happen to see the piece they did on jd? i don't watch the news but russell brand bless him did a piece on the trews on fox vs johnny depp i can only take the news with a little bit of funny they go so overboard in attempting to trash jd they truly embarrass themselves i can find t he link if you like oh totally agree!! whether we witness it (more of it after the scandal) or not he is karma's bitch! much love

1  
 @zahra lamin vanessa left him where do these rumours start? the media or your head?

1  
 i think you are awesome! and so very appreciated much loveâ™yi, â™yi, â™yi

1  
 most revenue usually comes from foreign countries but i don't think that's what is going on simply because from a business perspective it would be better to stfu this sounds like someone's ego!!! a narcissistic ego companies can be that way i think it's who has the power to make statements like this we much love all

1  
 judge white already said jd has a case in the opinion letter this counter claim is not likely to make him happy he's already said she broke the nda on a global scaleso that negates her saying she was trying to get on with her life & he wouldn't let her! this counter claim calling everyone russian bots is for the public only & this will not please judge white ( va case) as per usual ah is the one with the bots her fansare from india & on twiiter italy2 countries that don't care about gender equality as a whole much loveâ™yi, â™yi, â™yi

1  
 thank you for pointing this out! legally the judge could rule in favor of ngn without ever disclosing why no more kate james messed her up! but the judge also said franco & musk testimony was unimportant even though franco saw may 21st er the night of the alleged phone throwing incident &

1  
 just keep her in mera world all this hate everyone is feeling towards ah will affect their health long termnot hers!! i have no concern for ah's well being i know she will get hers ( also already suffering more than people realize take comfort in that) \* i spent 2 yrs planning how i could shoot someone in the back of the head where his eyeballs came out the front binged watched the boondock saints & a video where a man shot his son's abuser & got probation in my hometown i'm not making suggestions regarding anger i haven't felt (i've forgiven & moved on i still grieve his actions against a baby) but i don't give away my power no external locus of control internal locus of control means self empowerment self healing self etc etc to all circumstances much love to you & all â™yi, â™yi, â™yi

 johnny never said she hit me too he said she hit me johnny never touched her in an abusive manner he pushed her away from him once and always left the room when she started in on him she was the only abusive person in the relationship this was not a two way street as far as abuse she is a nasty lying piece of work

 @joann hesse amen!!!  
 1  
 yaaaaaaaaaaaa!!! new vid!! weekend is made!!! thanks brian!!!  
 1  
 been waiting anxiously for this!!! amber is a covert (now exposed) malignant narcissist sociopath with borderline personality disorder funny how she needed him to promise that he won't split on her when she is abusing him but she can't promise him that she won't get physical with him when she gets mad lol what a psycho!!!  
 1  
 yep! you know it sis!!  
 1  
 he is beautiful talented and pleasantly eccentric weird? nope

 1  
 1'oreal will never get another dime outta this old girl! it's disgusting how they continue to support a lying cheating abusive criminal! f\*ck 1'oreal!

 amber would get along well with a pervert  
 1  
 lolololololol!!!  
 1  
 @akemi jones he paid big time to have that evidence quashed the public will never see it  
 1  
 you are a judgmental idiot who obviously knows little to nothing about this case johnny drank to numb the hell of what he was going through and who could blame him? he hardly drank himself into a stupor are you serious? i'm so tired of people like you making snap judgments based on your uninformed personal opinions of johnny and amber the mutual abuse/mutual alcoholism narrative is tedious and 100% false! amber was the sole abuser in their relationship! amber was the sole toxic person in their relationship! there is a plethora of audio and video evidence of amber's abuse! there is photographic evidence of her lies and there are sworn witness statements of her lies and abuse of johnny! if you don't care for him that is your right to feel that way but stop with the mabuse narrative and stop trying to make him out to be some out of control druggy/drunk! johnny is not an abusive liar and he loved that vile woman until he just couldn't deal with her anymore! abuse victims lie for their abusers and cover for them all the while hoping the abuse will slow down or stop at some point with amber it just kept getting worse he almost lost a finger due to her abuse and she did awful things like cheat on him spit on him beat on him put a cigarette out on his face and ridicule him he never once harmed her in any way so take your judgmental bullshit somewhere else!!!  
 1  
 she should never have been able to get hold of a baby!  
 1  
 @chris d his love for her was very real he was very loving kind gentle understanding and patient with her; not to mention very generous with her her parasitic friends and her parasitic fake family  
 1  
 she targeted him and pushed for the marriage she duped him never loved him; will never love anyone in the real context of the word she only cares about having her ego stroked and her wants/needs met  
 1  
 @tatiana correia to inflict the maximum amount of shock pain confusion and devastation they are cold cruel evil and heartless zero empathy!!

 fourth!! on an amber heard video kick!!!  
 1  
 amber has lied about every incident they were all made up  
 1  
 plenty of evidence that she abused him but none that prove he abused her  
 1  
 @tatiana correia hey sis!!! me too! i really feel that amber's mom died of a broken heart or maybe even killed herself once she realized what a monster amber is also i feel her mother was humiliated embarrassed and ashamed due to the public turning against them paige was not on johnny's side she was just manipulating him for amber  
 1  
 this fbi agent claims she had a 30 plus year secret romantic relationship with johnny and that johnny never wanted to marry amber? i call bullshit plus why is she just now speaking out?  
 1  
 john you obviously know nothing about narcissistic abuse  
 1

1

1

1  
wait till the jury sees the photo of ambers turd in the bedsheets that will change their whole perspective of her hard to find someone beautiful after t

1

1  
@d woolaver you should study narcissim cuz that's what she is  
1  
she shit his bed  
1

1  
at first the trial was gonna happen during johnny birthday june 9 and now it's gonna happen during ambers birthday april 22 interesting!  
1  
she implicitly admitted in that podcast she wants to destroy johnny  
1  
but everybody hates her why does amber turd still have a career?  
1  
i wouldn't call amber a skilled actor she is so untalented  
1  
expose her lies #amberheardisalier  
1  
ambers running out of money she was seen moving out of her house as she can't afford to live in la anymore and is moving to yucca valley  
1  
pretty sure johnny always flies private i also feel bad he has to deal with inconvenience amber is so vindictive

1  
joni compton johnny needs to be asked in court who brought the marriage conversation up first  
1  
i love how thier chanting johnny johnny at ambers premiere  
1  
she'll gaslight the jury into believing there was damage but it won't work  
1  
ambers not talented enough to play marilyn monroe  
1  
this was not a mutually abusive relationship that's victim blaming he was the victim and she is the abuser case closed  
1  
19:40 elon musk did tell them both to drop this case and move on  
1  
she accuses all past partners of abuse tasya vanree james franco elon musk johnny and god knows who else  
1

1  
she has terrible style  
1  
28:28 people on twitter who were at the courts in the uk last summer said johnny made no eye contact with and sat in the back of the court rooms doodlings in sketchbook but ah was actively trying to get him to look at her and she was trying to make her way into his lunch/break room but his security and lawyer noticed and block it from happening 1  
amber wanted 3/5 penthouses which means she'd still have judgment as her neighbour and yet she claims to fear for her life from him  
1  
did someone call amber amanda?? lol  
1  
well shes not talented soooo

you are awfully good the cadence and meter of your voice where it involves a keen interpretation of a subject who is so abject and so far removed from normalcy is how we are drawn in to listen intently to the entirety you are distributing pamphlets first day primers to the classroom and have asked us to open to page one chapter one'-' thank you ^o^  
the dislikes on the access video are now well over 109000  
the lady on the left is so wishy washy she speaks and gets the facts messed up makes no solid case either for or against depp whereas the lady on the right notes how if heard was in fear for her life the day the cops were there why wasn't it shown in the formal report? doesn't serve amber to not back it up with an abuse report since it could support her case now so what really did happen was it a complete fabrication so she could get out of the marriage?  
i saw her burnt toast vid and not only did it not resemble toast it did resemble burnt squared and flattened body parts  
at 3:47 jon that smile you got is priceless! fairly certain she was playing musc<sup>le</sup> to see how far she could stretch his loyalty to her paying for 24 hours security is something she did not need because she wasn't being abused since her claims were all false she was completely safe in the condo so of course she'd tell him: i'm alright' what she wanted to hear him say was: i'll take care of you' (♪♪♪♪) but don't you know how he hung on her every word until he found out too late that he got duped too for the same reasons for his money she is in sooo much shit up to her hips musc<sup>le</sup> is so done with her thanks for the shout out! ^o^  
@doctor soup she isn't one to be proactive over her own (mental) health issues by neglect by denial by ignoring them at the end of the day she is got to be a train wreck who serves herself a liter of wine justifying it for feeling aloof and in the fray  
i imagine she won't be doing much dental work before may since this east coast judge is already kicking her teeth in'  
lex luthor really ? umm no tug did a livestream a week prior to em's debut on snl in his stream he dispelled the rumors that em is a good guy and gave legit reasons why this piece of human garbage is exactly where he's suppose to be because of how he enabled someone he relates to well a mental reject ah tug was suspended shortly after his stream and the timing of this occurring a week ahead of the snl airing shouldn't be a mere coincidence because tug not unlike waldman were silenced so the syndicate had ample time to keep em's image squeaky clean prior to snl he's anything but clean and you may choose to view the stream iffin yt hasn't already deleted it entirely  
still 3 months til the august lawsuit begins imagine how amped up it can get til then  
the id channel published a two hour expose on epstein's nefarious activities his private island and the scores of high profile guests/friends of world class notoriety who were present the list of such included celebrity pedophiles(quote) his image was included with those of others  
oh my god darth <sup>Vader</sup> at 14:00 'because the devil will suck the soul right out of your boodeh ' you sound like a southern black gospel minister right here x lent<sup>er</sup>  
to greg pavitt whatever brain (used in loose terms) l'teard may have had walking into her marriage depp likely kicked loose and not a moment too soon his boots are always messed up but a wee bit of brain matter should only add character'  
did he burn & drown her & f\*ck her corpse? nooooooooooooooo he did nota<sup>n</sup> and we do know who cut his finger off  
karma has since arrived she is been living a slow slide into an abyss for some time coming ^o^  
she is so not cool classless crotch  
that amount of discoloration as captured in the alleged battery to her face could have also produced excessive swelling in particular to the eye area the tissue surrounding the eyes is very thin and is subject to immediate swelling upon impact of blows there are no outward signs of swelling to her eyes and other facial features  
the meds are so effing strong that her mind is strapped in a seat jetting down a runway clearly towards mars clearly she is not in the present moment not focused and when she does finally look up undistracted by her little orange pin thing her eyes are as dead as stones in a pool fish eyes i'll be honest i could not hear one legit thought coming from her that had relative sense to the questions being asked and what's with that bone jutting out of her cheek is it displaced ? haircut looks great jom<sup>ef</sup>  
her mind (or what's left of one) is indecent is skewed is shallow  
during the uk case and ever since then she is got the outward appeal of a backwoods hick grifter mowing the tall grasses of prison yards on sweltering hot afternoons yup mighty attractive ^o^  
the us trial of depp vs heard is slated to begin in jan 2021 nothing's carved in stone with wb nor verizon until a verdict is known and until that does become known no studio will make a formal decision be known regarding ah's relevance with aq2 because it just won't happen til the trial is over i would n't place that much emphasis on her positioning inside the film industry or how good her stock is i'm reserved in believing how her clout has taken a no se dive into zeroville and to have it restored would be nothing short of a divine intervention  
and the va legislature did in nov 2019 vote against this (subversive) measure which didn't bode well for her legal team reducing their motion to dust'

1  
for real like her larceny is something to be examined as being legit owning weight? learn to call a spade a spade the girl's a grifter to the umph degree & he regrettably and unwittingly saddled up to the perpetual nightmare of her psychosis he was undeniably smitten by her could not maintain objectivity believed he could fix her all while not being maimed by her the rest is history lost to all who now know the depths of her depravities and devolvements lest we forget how she left her truest identity' in pure form her pile of dna laden'@ on his bed nicedon't offer credence to this half wit bc she'll never seek to earn it but curiously the phone call at the beginning of this vid was that her calling franco speaking code for wanna f\*ck'?  
1  
his rants are epic! is he unscripted and pure improv ? i'm leaning this way undiluted natural talent  
1  
but i do see her doing (prison) time because adam waldman is no one to volley with in his court he is world renowned in high demand on many continents he's og superfly jedi i mean he's gonna cream her defense team and they know it too the mans a beast in court and her team's been laying skid marks ever since learning how waldman agreed to represent depp in the defamation suit but it seems as if we've forgotten who all's showing up for court for sure waldmans keeping the date it wouldn't surprise me in the least if she feigns yet another injury and shows up day 1 on crutches to revive a fake freshly in jured victims role to rally in sympathy for the cause  
1  
in her legal teams attempt to take on disney are they then trying to substantiate how disney dismissed jd through no fault of her own? that disney was not swayed by the washington apost op ed but that disney released jd based on the publics opinion of him? clearly if this is what her legal team is striving to substantiate that her published op ed had no bearing on jd's (contractual) release from a studio where his career earned income and reputation owned substantial weight then going after disney could serve as a wall of protection for her i personally don't see this coming to fruition for her legal team  
1  
these days she is bloated her cheekbones look like raised bookends and those once dewey eyes of the ingenue are looking vacant tear stained and hollow not special if you catch my drift time for her to wave goodbye to her short unremarkable career'  
1  
at 3:12 why does jd have to have mountains of evidence and she doesn't he doesn't have to have mountains of evidence' but that mountains of evidence does exist could suggest how this girls camp is going down into the pits of h\*ll  
1  
msm spawns from a banal aptitude and works from this platform because it views it's audience in the same regard that they are small minded and void of critical thinking don't place value or lose time in how they perceive depp because they are irrelevant in just nichols' courtroom  
1  
l'm x lent narrative stevie of jd's neighbors deposed witness statement ^"  
1  
3 damned good vids back to back ? what are you eating these days because you are like outdoing everyone else on this subject by at least two days (for real)'  
1  
@come geek some the trial wraps up this week and we'll have to wait and see who of either party has a motion for the court which i doubt but can't discount the possibility  
1  
about as wholesome as an std' ;  
1  
speaking of the musc^ right ?  
1  
honestly can't listen to her' lies it's so obviously tainted and scripted  
1  
he should've been only following heard at the trial in playing the victim and placing fault onto others'^  
1  
filming resumes in australia eventually but will wb take the heat for her because she owns industry clout for being a super star? the answer is decided! y no could be how the uk verdict got leaked from insiders and along with some highly incriminating text messages australia is potentially leaning in on furthering charges of unlawful entry etc in the game of chess she is close to being check mated with little or no moves left to take  
1  
amber heard seems to fail upwards a new movie or possibly a mera spin off  
1  
these perfect ^ pearls are gonna keep rising to the surface but i'm still waiting for the mutha of all clams to show up  
1  
at 6:24 'it's more like showing warner brothers that we ain't paying for it ' and that's where i draw the line too i ain't giving wb a red cent while they are pushing a domestic abuser a self subscribed psycho but passing her off as someone cute and fun to watch (not happening) and pinki88 kind of skirted the main point by stating: not their fault how the media portrayed her to be a victim' when she could've stated: it was the media's fault how they falsely portrayed depp as a wife beater she left that critical piece out since each of depps lawsuits are based on how he was injured but poorly portrayed not how she remained uninjured give it a rest pink  
1  
the movie is technically' being boycotted due to the petition which like you posted is growing faster than anyone could have expected it to wb would prefer to ditch her if they could find an angle short of killing her character off permanently but because the uk verdict cancelled jd how can wb come back and report: hey turd guess what? you are cancelled too!  
1  
@just me she did during her testimony in london she used it as a way of shaming him by making him appear childish immature dicaprio is just another along with kate moss she used both and it's all based on rumor she is such a jackass'"  
1  
im ki nda tired of penn badgey but it looks kinda good  
1  
you are right maria that's why we in the states have to resort to throwing sh\*t at her and the trial in va is going to be one hell of a sh\*t fest people from all over will be hurling bags of'@ the moment she steps out of her limo  
1  
who cares for this bottom feeder whose own initials ah match exactly the orifice attached to the lower intestines'  
1  
she is stacking on the weight 12 days in to the trial and it shows  
1  
her get out of prison early card ?  
1  
@olymolly she took personal passages from both kate & nick of their own (separate) accounts of abuse  
1  
so what is her rationale (ilglese) behind disengaging from the brit case entirely (aside from the perceived death threats the virus) ? what is your own personal take on this lost beyond pluto ? thanks for your commentary  
1  
the audio could be better was the mic to far?  
1  
yeh i can't watch her because my stomach begins to feel like crap (for real) so i won't be watching it but i find this interesting only if king can bring out the real characteristics of a narcissist in her character either in the script or habits where she'd be acting them out king is a master of the macabre (all things dark unworldly) and in a way i do find his choice appropriate in using her oh g d my stomach is already beginning to turn just thinking of the film sorry ! as always thanx jon'^@-i.  
1  
he didn't fall for the bait nor the coercion deceit nor extortion none of it and in his mind and reasoning: why should i? because if he had nothing to hide and nothing to be ashamed of then he would defy her by issuing a court action against her and thereby laying their private life open on the table exposed to be scrutinized by the world to peck apart but he would not accept her terms to be extorted ad infinitum and chose instead to be exposed as her victim and risk further casualties  
1  
you can best believe how her legal team has their sights set keenly on howell are they scared sh\*tless? you can bet that they are the next trial date is yet 5+ months away and they know like we know when howell is on the witness stand she'll howl like a wolf'" leading the jury on a trail of blood right to ah  
1  
not that it would scream proof that depp is a monster anyway but still but still what? oh like he's got to remain calm while someone's kicking his teeth in? god forbid he how he should remain subjected to her level of abuse and take it' right? i'm a female and if any one male or female ever laid a hand on me that person would forever hold the memory of me kicking them shitless and as it is there are a few who do own that experience of me kicking them shitless ingrained into their memory banks he never did retaliate and the bitch is still smug as shit and smirking knowing that  
1  
@miss keisha get real she is gloating in it this is how she defines herself thru self adulation and a sponge for the same from others  
1  
from his phone excerpts (taped conversations with ah) he states: i made you up you were made up in my head you weren't realpart of the delusion has to relate to fixing' his past hurts by fixing ah something he had pledged to do for his mom by bestowing her with lavish gifts and particularly a small informal horse ranch which his sister and mom lived on the ranch epitomized a structure or a home base where his family could finally lay stakes and call their own place that ah wasn't in that realm of familial ties but blew him off as being fat and old' and sentimental to a fault she was instead hard wired to distrust anyone that deviated his attention off of her since she expected to be the only center of his universe and nothing less could suffice  
1  
awesome awesome awesome content! i don't even wanna mention the soy sac in this comment so as not to blemish it but darth your content is developing so beautifully honest it's got a super fluid rhythm you gel darth@'^@-i.

1  
is this based on a single article?? any industry columnist get put anything out there in print just to slow down the vitriol being waged on heard i'll b  
elieve it when i see it and not until then this isn't anywhere near over if anything i'm going to ramp it up a sh\*tload moreboomâ-i,'<sup>j</sup>  
1  
it's gonna be a shit fest where the real witnesses can call her out the trial in london will look like a frumpy tea party compared to what goes down in  
va  
1  
so is her legal team slyly tripping out of a no win lawsuit bc that's just too obvious what's the catch ? can they pin the op ed exclusively on the acl  
u but then she is the one who ultimately signed off to the contents what's their angle tristen ?

than you for this as someone who has witnessed many people explaining their abuse it is so evident that mr depp is the victim here if you wish to compare the dialogue body language has a video called unicorns and rainbows nothing to see here boys! that compares amber heard's testimony to two women who survived domestic abuse recounting their stories not only is ms heard nothing like a true victim but mr depp is heart wrenchingly similar in his recounting  
1  
@timtom tomtin consider yourself reported for harassment and added to the list of trolls who are cyber bullying on behalf of amber heard! thank you for adding to the evidence against her in the virginia defamation trial in order to defame you must be able to prove that there was tangible loss and that the information disseminated was false as each charge i have referenced is verifiable and all the legal documents are in the open domain attempting to prosecute me for defamation is not going to be in ms heard's immediate future  
1  
@ehacker at the rate your channel is growing you had better watch out for whip lash! :)  
1  
i'm with you on this jon if stephen king had addressed this immediately saying he didn't realize the controversy and in no way condones her actions people would have understood anyone who followed this case knew the truth in 2016 when the judge "dismissed" amber heard's allegations of domestic abuse "with prejudice" you know that i am a survivor and that i counsel survivors it is out of respect for narcissistic abuse survivors that i have to boycott everything that amber heard is connected with her lies will impact how people who suffer abuse are treated she has caused irreparable damage to a cause that many people have invested years in advancing  
1  
soadaa waldman has been tweeting out some interesting things about amber heard's charitable donationsshe declared publicly in california that she was donating all of her settlement money and that makes it legally binding it seems the aclu involved themselves in a defamatory op ed and fought to make an amicus brief in support of ms heard while elon musk brags that he is one of the top donors to the aclu and mr waldman seems ready to call them on it! he tweeted res ipsa loquitur (it speaks for itself) but i prefer qui cum canibus concubunt cum pulicibus surgent (he that lieth down with dogs shall rise up with fleas)  
1  
amber heard was arrested for domestic assault in 2009 the judge kept the case open for two years in case she re offended amber heard pleaded guilty in the australia dog smuggling case she admitted that she lied and put every animal in australia in danger of rabies amber heard never should have been hired by l'oreal paris even before mr depp brought suit against her  
1  
thank you for saving a horrible morning any judge who takes the word of a self confessed liar over physical evidence should be removed from the benchpersuaded by elon musk perhaps? anyway we all knew that this case was going to be appealed no matter "which" way the verdict went amber heard was banned from driving after this arrest until she turned twenty one that is a five year ban i have never heard of such a long driving ban (we know about it because she was arrested driving in california while the ban was still active!) ms heard's files are sealed because she was a minor i hope that whitney henriquez can't sleep with her consciencefor the rest of her life if \*she\* had't told the truthjustice would have been done it is whitney henriquez who should be trending on twitter with everyone calling out her lies  
1  
i'm still convinced mr wolanski (lawyer for the sun) is leaking all this out of spite that amber heard didn't tell him about the legally made audio tape where she confesses to being the abuser! that tape ended this trial he has to know that he's going to look like a buffoon when she testifies she loses her temper and goes off on verbal rampages everyone agrees that a man who endured domestic abuse was badly injured by her then accused of being the abuser by her while she went on a campaign to destroy his careerhas the right to vent to his friends on illegally obtained private text messages  
1  
ms heard has decided to fabricate evidence and lie about mr depp abusing her evidence lots of it was exactly what she didn't have texts with her mom (she obviously didn't know the mother and her father had texted mr depp to explain why she lied about the abuse) certainly are not going to help verify her lies it is easy to determine if a text has been altered the sound of defeat in his voice when he realizes that the woman he still loves is going to lie about domestic abuse to destroy him is heartbreaking fortunately he no longer loves her when her evidence proves to be altered and in some cases fabricated that is jail time she sold this evidence for profit as for tmz they went public with the fact that they had bought evidence from amber heard i don't think io tillet wright and raquel pennington are going to want to go to jail with her when evidence proves to be fake the narcissist is going to blame them after all ms pennington was living rent free in one of mr depp's penthouses i can imagine the look on ms pennington's face when ms heard says it was all ms pennington's idea she didn't want to be homeless she tried to persuade ms heard to bluff the penthouses from mr depp(she did ask for them in her lawyers extortion letter) and of course io tillet wright had an affair with ms heard and wanted mr depp out of the picture she persuaded ms heard to falsely accuse mr depp so that she could have ms heard all to herself when faced with hard time watch them turn on each other who ever confesses first gets the plea deal with the prosecutor all my facts are in the public domain tmz has released the stories on youtube with links to the documentation  
1  
amber heard doesn't realize that her conflicting stories are going to be the evidence that puts her behind bars for a long time! conflicting stories indicate lies she can't remember the last lie she told so she makes up a new one the virginia defamation case will have a field day playing footage of the constantly changing stories real abuse victims tell simple fact filled accounts of what they enduredand they can recount their stories repeatedly without ever changing a detail i hope raquel pennington and the co conspirators love amber heard enough to do some serious jail time for hermr depp has all the evidence they don't even have a single story between them some of them must be getting cold feet as mr depp's lawyer pointed out that ms heard had to sue some of them to force them to testify on her behalf in the virginia trial  
1  
amber heard weaponized cancel culture to destroy mr depp she fabricated evidence of abuse and sold it to the tabloidsbut when she was required to produce her evidence for the court to be tested and verified she dropped her allegations of abuse all this information is in the open domain tmz covered it and has released youtube videos live by the sword die by the sword use cancel culture to destroy be destroyed by cancel culture i think emilia clarke would be amazing as mera she is a lovely talented woman who could bring real warmth to this undine!  
1  
all they are doing is nailing their coffin shut with them inside it it leaves a trail that is so easy to follow and it will be of use in the virginia defamation case it just makes the fans angrier and more committed to justice this isn't the first lawyer that ms heard has persuaded to cross a legal line (the extortion letter) it would be lovely if ms kaplan was disbarred for harassment they can't prevent justice for mr depp but they can add some new charges against ms heard when she loses the defamation case! a judge fined kesha \$374000 for a single tweet defaming dr luke without evidence i wonder what ms kaplan will have to pay for each fan she unjustly harasses?  
1  
@sonic970 i enjoy talking to you also i don't think that i qualify as a fan of mr depp (although i understand that he has many of them) i have never seen any of his films in a theatre and i have only seen fifteen of his ninety one movies i have impaired vision and cannot watch too many movies mr depp is not the reason that i am involved in this case  
1  
can't wait to see who they replace her with can't make movies when your in jail  
1  
could someone please find that man and thank him for all of us? you nailed it jon amber knows she is done but narcissists never admit defeat that smile and wave are her version of the finger when the judge keeps stopping you because he finds what you are saying incredulous (you had your phone? you don't remember where the stairs were?) you know that you are in troublebut judge nicol is a man so he must be a mysogynistic homophobe like anyone else who does  
esn't bow to the will of amber heard (i see ms heard has registered her displeasure with a single down vote just like the single support letter that she felt warranted an article in daily mail! )  
1  
an arrested domestic abuser using star power for social activism who is the star she is planning on using this time? notorious admitted liar confessed t

o perjury in the dog smuggling case in australia hates animals didn't care that the dogs would be euthanized when discovered  
1  
you realize that she was arrested in 2009 for the domestic assault of her wife tasya van ree at ms van ree's request?

1  
once again i find that "the facts" need some clarification amber heard applied for a \*temporary\* restraining order why the distinction? you do not need to provide evidence for a temporary restraining order and you do not need to inform the person that the protective order is against these emergency orders are almost always granted with a hearing before the judge within a few weeks in order to determine if the order was warranted ms heard is eager to triumphantly explain that she obtained a restraining order as if this is some type of proof that mr depp was abusive in fact when the evidence was provided (including the testimony of the domestic abuse trained lapd officers on behalf of mr depp) the judge "dismissed" amber heard's case "with prejudice" t his means that he found the case to be egregiously flawed and without merit it also means that ms heard "cannot bring these charges against mr depp in t hr future" i have noticed that ms heard has circulated the story that "she" dismissed the restraining order only a judge has the power to dismiss a restraining order amber heard was arrested for the domestic abuse of her partner tasya van ree in 2009 long before she met mr depp the assault was witnessed by the arresting officers and an international airport full of people officer beverly leonard in an interview clarified that ms van ree indicated to the officers that she wanted ms heard arrested ms heard was booked and spent the night in jail she was arraigned the next day she did not protest her innocence (an audio recording of the arraignment still exists) and the judge and prosecutor agreed that because both women lived out of state that they would hold the case open for a period of two years in case ms van ree decided to prosecute or ms heard reoffended it should be noted that ms heard attempted t o have this arrest expunged from her record \*after\* she met mr depp when the press discovered it amber heard suborned "her victim" to release a "false s statement" to exonerate her this is tasya van ree's statement to exonerate amber heard in 2009 amber was wrongfully accused for an incident that was misinterpreted and over sensationalized by two individuals in a powerful position i recount hints of misogynistic attitudes towards us which later appeared to be homophobic when they found out we were domestic partners and not just 'friends' charges were quickly dropped and she was released moments later sh e added it is disheartening that amber's integrity and story are being questioned yet again this statement clearly illustrates the culture of lies that ms heard immerses herself in ms heard was "not" wrongfully arrested the police observed ms heard assault ms van ree and tear a valuable piece of jewelry from her neck ms van ree indicated she wanted ms heard arrested amber heard did not protest her innocence officer beverly leonard is not misogynistic "o r" homophobic as she is an openly gay woman who champions gay rights and donates her free time to working in domestic abuse shelters in officer leonard's own words she would "not" mistake grabbing someone's arm for a domestic assault charges "were not quickly dropped" and ms heard "was not released moments later" the charges remained open for "two years" and ms heard was booked spent the night in jail and was arraigned the following day as for ms heard's integrity and story being questioned "yet again" ms heard was desperate to keep this story out of the press i can find no mention of it in the media a prior to 2015 the yet again is tacked on to reinforce how unjustly victimized ms heard has always been if ongoing litigation cost mr depp his roleand it should be noted that mr depp has "never" been arrested and has "never" been charged with domestic abuse the ms heard's arrest should disqualify her from any role she might play amber heard is a narcissist she lies in fact unless she provides irrefutable evidence it is safe to assume that she is always lying her friends lie without compunction to cover for her the british trial revealed that during amber heard's australian trial (for lying in official australian documents) she suborned the perjury of kevin murphy mr depp's estate manager by threatening his employment unless he take some of the responsibility for ms heard's actions mr murphy has been working with the australian authorities to change his testimony and australia is looking at prosecuting ms heard for this crime now that judge nicol has been exposed as having close ties to dan wootton and newsgroup as well as his wife's personal friendship with ms heard's lawyer there is little doubt that he should have recused himself from the trial "any" judge who is willing to dismiss the evidence of "four" specially trained in the field of domestic abuse los angeles police officers "for no reason other than their story goes against his chosen narrative" should be questioned as to his impartiality testimony is considered proof in court "if credible" amber heard was caught in so many lies she destroyed her plausibility it is time for justice to rely upon the evidence it is time to stop rewarding people for outrageous lies 1  
to be honest i really like these clips without any sound it allows complete concentration on the expressions and the body movements i find these clips very insightful and often quite sad it would be great if you made more videos like this!

@ezra don't worry i don't "expect" ah fans to be able to read!

1  
i haven't been able to wipe the grin off of my face since this news broke!

1  
ms heard's time is just about up there are video's of actual abuse survivors describing their assaults if she had watched one she might not have come across as "the worst actress ever!"

1  
@julie lea thank you certainly you can copy let's get the truth out there!

a truly evil narcissist only happy when surrounded by drama and causing pain learn to discern this personality type you will meet one in your life they will try to destroy you

@shreyan kanvide aquaman made only \$335061807 in it's american release very reputable sum but not particularly remarkable the largest portion of aquaman's worldwide gross of \$1148485886 was in the east china providing the largest market since the release of aquaman relations between china and the united states have become less favorable and american movies are not doing as well it is highly unlikely that any current movies will be received with as much enthusiasm in china again amber heard is not just a bad person she is a criminal she has not done things that wrong she has committed crimes australia n authorities have re opened the dog smuggling case because kevin murphy revealed under oath in the sun defamation trial that amber heard is guilty of subornation of perjury ms heard threatened to have him fired if he didn't lie to protect her he is in the process of changing his testimony and ms heard will be facing a potential seven year sentence in that country aquaman 2 is slated to film in australia the washington post defamation trial will result in charges against ms heard in the united states the list of crimes is much more extensive in this case fabricating evidence and selling it to the tabloids for profit tampering with evidence and selling it to the tabloids for profit tampering with witnesses making an illegal heavily edited video of mr depp without his knowledge or consent and selling it to tmz for profit (tmz cooperated with the police investigation in this case) making an illegal recording of laura divenere without her knowledge or consent (her lawyer indicated that ms divenere would like to proceed with charges) subordination of perjury to obtain a restraining order perjury in the divorce deposition perjury in the sun defamation case deposition perjury in the sun defamation trial perjury in the washington post defamation deposition perjury in the washington post defamation trial assault causing bodily harm attempted extortion (see the spector letter listing ms heard's financial and property demands "before" she made any allegations of abuse) and defamation each one of these crimes has it's own sentence attached to it ms heard is not looking at a misdemeanor sentenceshe is looking at some serious hard time on top of all that as mr waldman has pointed out the penalty for perjury in the united kingdom is up to seven years imprisonment ms heard's crimes now span three different countries as a narcissistic abuse survivor and counselor the repercussions of dceu supporting ms heard in light of her crimes would be devastatingbut si Warner brothers clearly stated in the praecipe letter from wayne m smith senior vice president corporate legal that warner brothers "requires" mr depp for fantastic beasts but makes no mention of ms heard and ms heard has not even been informed of when aquaman 2 is shootingit appears the matter of whether she will be in aquaman 2 has already been settled

so in 500 gigabytes of text and e mail 70000 text messages this is the best evidence the sun could find? unverified edited drunk texts that don't admit to a crime? the sun is going down! i wondered why they reported this and nothing else every story sites emily smith editor of tabloid page six as the source she is a shill for the sun none of the stories reveal that the sun gave emily smith her first jobas editor of the sun us so this story is written by someone who owes her career to the company depp is suing an unbiased and unprejudiced media not!

1  
@the amber heard playlist!! i'm sorry i missed you! that's the wrong herd you are running with i think you mean heard! as you are only referring to a single item being a fantasy it would take too long for me to direct you to the articles and legal documents that substantiate my storybut if you would care to list exactly what you have never heard about i will be happy to annotate my information! stay well!

1  
yeah i noticed that too he was her boyfriend for exactly how long it took to get the role that she wanted i thought that mr muschetti had some class when ms heard loses this court case they might as well write off the stand he will have some explaining to do when they discover ms heard makes this series unwatchable so is director muschetti the new harvey weinstein?

1  
amber heard's own personal stylist samantha mcmillen will be testifying for mr depp ms mcmillen was with her the entire day preparing her for the late 1 ate show with james corden mcmillen said on december 16 2015 i spent much of the day and evening with amber heard preparing her to appear on the james corden show i saw her throughout the day of december 16 2015 in good light at close range wearing no makeup throughout the day of december 16 2015 i could see clearly that amber heard did not have any visible marks bruises cuts or injuries to any part of her face or any other part of her body she appeared as a guest on the james corden show that day the professional stylist who worked with amber starting in 2014 continued after the show ms heard said to me 'can you believe i just did that show with two black eyes?' ms heard did not have any black eyes and had been visibly uninjured throughout the day and at that moment i later learned that ms heard had accused johnny depp in court filings and the media of violently abusing her the previous night decemb er 15 2015 makeup can cover bruises but it cannot disguise swelling or a physical injury along with samantha mcmillen's testimony the video tape of the actual show including all the exaggerated faces ms heard made while on camera will make a lovely contradiction to the testimony of ms inglessis the testimony of both these women is critical in proving that the plan to frame mr depp in order to extort money from him was premeditated and involved multiple co conspirators melanie inglessis is now as guilty as amber heard and i'm sure that now she regrets becoming involved in ms heard's crimes as she is building a career for herself this will derail all of that i think that ms inglessis is not so much afraid for her safety as she is afraid for her freedom british courts frown upon committing perjury especially when it is involved with framing someone for a crime ms heard and her co conspirators may find themselves facing charges in britain after this trial as well as in the united states

1  
at this point in time anyone who hasn't looked at the evidence and established what is going on "doesn't want to know" the united states fought a war to keep from having to acquiesce to the united kingdom's laws they are not going to give in now this is a final point after which ah will have exhausted her appeals ah can't go straight to the appellate court for an appeal judge azcarate would have to decide that her own judgement on the plea in bar was in correct (that is her last decision where the judge explained each separate reason that the uk decision could not be applied to the virginia case) and then "grant" her this appeal judge azcarate isn't the type to doubt the decision she just made a week ago so ah is stalling and judge azcarate is dotting t he is and crossing the ts to make certain that ah will not have any technicalities she can take advantage of higher courts rarely hear a point like this before a trial takes place if they are not granted the appeal now they will try for it after the trial

1  
will he be suing the sun and the washington post on the recent Murdoch owned media are covering this story in a biased and unprincipled manner that won't

you are correct about the elton john and the james terry southerners relationship is a no fault divorce state it doesn't matter if she committed adultery the videos are of the days immediately following dates that ms heard claimed that she was horribly beaten both men saw her face and body close up and personal they will have to testify as to whether she had injuries

1  
thank you eric glass

1  
ha ha ha ha ha ha ! i can't promise you i'll be perfect i can't promise you i won't get physical again god if g sometimes get so mad i lose it! amber heard as recorded by amber heard and entered into evidence in the sun defamation trial 2020 don't worry after the virginia trial you can be her pen pal in jail!

1  
i think a few points should be clarified before amber heard met johnny depp in 2009 at the seattle/tacoma international airport she was arrested for publicly assaulting her then domestic partner tasya van ree ms van ree did not protest the arrest she did not post bail leaving ms heard to spend the night in jail and she did not appear before the judge at the arraignment the next day the judge admonished ms heard which she did not protest and because the women lived in another state chose to leave the case open for two years in case ms heard re offended this alone is the reason ms heard can not be a domestic violence advocate (how many women do you know have been arrested for domestic assault?) ms heard sold her evidence to the tabloidsthen refused to submit this evidence to the court for testing and verification she dropped her allegations before the divorce was settled ms heard agreed to the minimum amount that california's no fault divorce law allows domestic abuse charities all refused ms heard's money it was donated on her behalf to the children's hospital of los angeles (where it has been incorrectly stated she actively volunteered) and the government charity the american civil liberties union mr depp waited until ms heard created a legal avenue for him to present his evidence x rays doctor reports police reports signed affidavits videos photos recordings text messages (including from her parents) witnesses and her police record have all been submitted to the court for testing it has been reported that mr depp would not submit his doctor records of drug use that is incorrect he has it ms heard that hasn't every past partner has come out in support of mr depp lori allison sherilyn fenn winona ryder kate moss and vanessa paradis in the newest tape released today ms heard taunts mr depp with the fact that she is a slender woman and no one will believe him that she abused him ms heard has been controlling the narrative and yes you should feel manipulated all this information is in the public domain tmz has released a series of youtube video's with links to all the documents for the record it was people magazine that paid ms heard and published unverified evidence of mr depp's alleged abusecompletely destroying his reputation

@kike heeb chink jigaboo but to you who are listening i say: love your enemies do good to those who hate you bless those who curse you pray for those who mistreat you if someone slaps you on one cheek turn to them the other also if someone takes your coat do not withhold your shirt from them give to everyone who asks you and if anyone takes what belongs to you do not demand it back do to others as you would have them do to you luke 6: 27 31 these are the most difficult words that christ speaks in the christian bible but it is what christians are required to do it is better to say i don't care about anyone but myself and my own than to use the christian faith as a reason to allow evil to exist in the world

```

e case was dropped with prejudice because he had overwhelming evidence than not only did he not abuse her but that she caused him multiple serious injuries  
1  
i truly admire you for all the work you put into it it's sad how many people just accepted someone's word when it's obviously a lie hopefully more and more people will soon realize their mistake thank you  
1  
nope just her  
1  
31 witnesses who either swore she never had any bruises or they saw her abusing him thirty one no one would be asking if a woman was telling the truth if she had 31 witnesses even back in 2016 during their divorce she had 7 he had over 20 and her witnesses were all her friends who have since pretty much abandoned her maybe so not but i doubt he'll lie for her under oath his witnesses include the police nurses her friends and her other victims and that's on top of the photographs medical records 87 videos and audio of her admitting to punching him and hitting him in the head with a door what else does he need? she has nothing yet people still believe her or say they must have abused each other no who would file a 50 million defamation lawsuit in which they claim they did not abuse the person if it wasn't true? he's not a fool  
1  
she never gave away the money she is not listed as a donor that list includes pledges she pledged to donate between 1 5 million so they included her she is not included the following year as an actual donor so there you have it  
1  
every person on the planet has issues that's not the matter here is it? it's who was abusive and that was clearly amber and she set her victim up  
1  
she doesn't have a ro against him anymore it was temporary and it was dropped with prejudice the texts are from 2016  
1  
this whole situation is so f\*cked up the fact that people are still defending heard and claim that everything johnny says is a lie why everything she says must be true it's so freaking irritating he did not deserve any of that bs thank you for doing this again  
1  
@julia mimi also no his finance team didn't say that they said they were aware of her allegations not aware of anything that actually occurred  
1  
it's funny heard tried to link johnny to weinstein when he did one movie with him 16 years ago and johnny actually called him an asshole regardless of her lawyer being his former representative amber's shelved movie was suddenly revived after like seven years by weinstein himself who's more likely to have done some shady things with weinstein?  
1  
from amber he filed a defamation lawsuit against her  
1  
why couldn't she just leave him alone and move on with her life? she is the one who kept referencing him while he never mentioned her until he filed the first lawsuit last year he did try to move on she being the abuser that she is did not  
1  
ew not that abuser  
1  
see a part of me thought that sounds reasonable too except the more audio you hear the more you realize these arguments she'd start were most likely about something ridiculous where she'd yell at him for breathing the wrong way and also anytime he makes a point she finds a way to change the subject because what he says is irrelevant apparently  
1  
let it be known that ms heard's evidence means her word in this case  
1  
@lps yep that's her new version even the previous audio i did start a physical fight apparently now means she punched him because again his life was in danger from drugs geez she is real piece of work  
1  
imagine thinking that he abused her when she obviously was the dominant one in the relationship she even hits him multiple times during this episode it makes me sick that people believed her and turned their backs on the true victim  
1  
accutane and provigil those two  
1  
@julia mimi johnny already addressed that though in court documents he tapped her on the butt to lighten the mood because she was in one of her rage moods she twisted it as always and the text was meant to placate her did you not hear in the audio? they said they will tell her anything she wants to her at the moment to make sure she doesn't go off or to get rid of her that was clearly a common practice for all of them even johnny does it in the conversation between them she gets all upset fake crying about how she feared for her life and despite knowing it's bullshit he said alright and moves on to the next topic  
1  
an abuser  
1  
heard never filed a police report the cops even testified she was uncooperative and uninjured she did file for a restraining order which was dropped three months later  
1  
@claudia moreno spoke like a paid commenter by amber heard's pr  
1  
@jessica yeah but as you said he did try that on you here's amber the one both saying this and convincing johnny no one would believe him that's what i meant she had no reason to bring it up since johnny wasn't taunting her about it he didn't even hint at it in her case it was more like this is the truth but if you are thinking of telling this to the world know that no one will believe you so better don't even try just do what i want  
1  
she abused johnny depp and was arrested for domestic violence stop glamorizing her  
1  
i mean anyone can try to use it against him but i don't think it would actually work in a court of law as it contradicts her claims it undermines anything she said happened from dates sequence of events to what actually happened she first said he injured himself by punching a wall then by destroying a phone no mention of that but her confession of throwing a bottle she also said johnny didn't receive medical attention for almost 24 hours after it also not true he was obviously treated on the same day even said was an argument about their upcoming marriage they were married one month prior to that day the court would never believe bits and pieces they'd try to spin they have to take all facts into considerations  
1  
regarding the stairs and baby sister her former boss and i assume a friend came out testifying that whitney the sister told her that it was she coming in between johnny and amber because she was worried amber would hit and throw him off the stairs johnny's hand was in a cast at that point by the way so that makes ah's whole story just weird  
1  
it might surprise you but there is a link between him being abused and him doing drugs and being overall mentally too exhausted to carry an argument  
1  
must have been tired for violently attacking depp since he's the one with photos of bruises  
1  
knowing it was going to go viral??? are you serious right now? this was recorded in 2016 and he doesn't have social media i think it going viral was the last thing he'd think of considering he didn't even know what it is also she had a restraining order against him at that time he was protecting himself by recording this did you know she also flew to meet him in san francisco while she had that ro? and then tried to say he violated it wanted to get him into trouble for that besides they recorded their arguments as a form of therapy so while she might have not known this was being recorded she certainly knew all the other audios were recorded in fact they were recorded on her phone and in those she admitted to abusing him so whether he's trying to make himself sound good here how the hell does it change what she said? she literally said whenever they had an argument he'd leave he never fought with her which means he wasn't abusive in her own words because he always split and she spent an hour yelling at him about it so this comment is just extremely ignorant  
1  
he's not aggressive with her he's upset about something that had nothing to do with her he was ignoring her she tried to get his attention he never touched her and only talked to her because she made him btw the video was heavily edited and therefore not submitted to the court  
1  
thank for covering this its shocking the media is silent about all of it  
1  
how can she claim she was brutally beaten and headbutted the previous night when she looks absolutely perfect as a lot of people have commented make up could hide colours so possibly bruises but her face would be entirely swollen if she was actually attacked the way she claimed the audacity of her making such claims when there's an entire interview with her absolutely contradicting it how do people believe her?? that's honestly beyond me  
1  
thank you for this i wish more people realized the truth  
1  
no she is a serial abuser he never abused anyone  
1  
victim blamer  
1  
thank you for another brilliant video  
1

- i can't imagine an actual victim ever even thinking do you think people would believe i have been plotting this for years having make up done taking pictures have documented texts to corroborate this why would she even think to say this? no where in the recording did johnny accuse her of doing that she brought it up herself dear amber yes i fully believe this is exactly what you've done i think at some point she injured him too much (perhaps after the finger) and she started to worry that one day she might get into trouble and so she preemptively created evidence to protect herself just in case it'd get too far one day it's no coincidence that her first allegations gave only three specific instances december april may just like she says in the audio  
1  
you guys should do a follow up on this: <https://wwwthenewscmpk/latest/687401> amber heards former pa kate james claims actress stole her rape ordeal story  
1  
i'm sorry for your loss first of all now it's a pity you didn't catch this before posting this because during the trial that ended on tuesday depp's lawyers had the full footage of this and it continues (it wasn't released but described what was played in court) the phone falls down heard picks it up johnny is obviously upset she is been filming him and apparently she is then seen smiling/smirking and looking pleased with herself the internet version of it was cut at such a point it makes you think he beat her up after he saw her filming him yet the longer un aired version shows that that's not true also johnny said in court he's not entirely sure when it was taken but he thinks it was filmed when he found out he had lost 650 million dollars (i use the word lost but i believe it was basically stolen from him by his former managers) i'd say any human would be angry about this  
1  
i think if you were to perhaps do a follow up or just for your information he also mentions it in gq interview 2018 but more importantly i believe his mother had some sort of mental illness i don't want to be wrong here but i do believe he said in the past that they used to very poor once he started making more money he got her proper medical help and things got better and it is also alluded in the court documents/evidence that amber has been treated and i think that's more why he stayed longer of course she was manipulative so he stayed for more reasons but i think because he saw that with proper help his mother got better and their relationship improved he probably believed the same could happen with amber that is imo why he would stay despite the physical attacks because he would probably in his mind think it's not her fault that she just needed help of course there is a difference because his mother couldn't afford help amber had all the means to get help and didn't work on herself the way she should have plus she is just a shitty person on top of it so with her it just wouldn't work but he could have thought it would i'm not saying that as facts but it is i think a theory that could be right  
1  
the court? he's suing her those are evidence  
1  
at that time he probably didn't but i genuinely hope that since then it's become clearer  
1  
one more thing i don't know if that's been proven or what but when i first watched the video of johnny hitting the cupboards i couldn't believe it was him i mean there's something about the face on that video that seems different to me from johnny and i think i saw someone saying the person in the video didn't even have the tattoos that johnny has on his fingers i've never watched the video for the second time and i don't want to so i can't back that up i do wonder if even that video was real  
1  
abusing people is beautiful now? wow  
1  
johnny's prank on amber: getting her car an expensive make over amber's prank on johnny: sh\*tting in his bed hmm  
1  
@julia mimi so many of her friends backed her up? it's literally four people who lied because she was going to get money and most likely promised them some the only people who filed declarations in 2016 were those that were present on may 21st and they knew he didn't do anything to her so they knowingly lied they were in on the hoax no one else spoke up for her you can speculate all you want fact is her claims have been refuted so looking for any tiny grain of truth she might have told in a sea of lies is ridiculous at this point she deserves no benefit of the doubt  
1  
victim blaming are we  
1  
it's effed up because the judge said her assaulting him is not important? and that he simply accepts her word because she was under oath so was he!! it's disgusting he basically proved her right when she said johnny won't be believed because he's a man i don't believe for a second he got a fair verdict paid off  
1  
@anonymous fox can you read? this has been already discussed above her assault was literally witnessed there was property damage and the girlfriend didn't say anything to defend her until seven years later when heard accused depp and her arrest was being used against her how convenient huh since she had no objections when it happened and as testified by the police officer was genuinely upset with amber back when it happened the prosecutor didn't proceed the case only because it happened in a different state she was put on probation in case they change their mind and want to prosecute it later heard asked to get it erased from her record stop acting like it was nothing there were witnesses  
1  
@pan tau yet here i am getting no money for my comments i must have missed the memo :(  
1  
we have brianEMJ  
1  
it's an ongoing case that's going trial'JM, i wonder if you'd tell a woman she should just move on  
1  
i happen to know it's happening hm okay  
1  
minor correction laura didn't talk to fox news she filed an official court declaration  
1  
you put so much work and time into these i admire you i appreciate all you do for a good cause  
1  
@deekat3279 she had avoided deposition for the restraining order request and then asked to have the case dropped yes but she was forced by the judge to finally give a deposition and she did (where she confessed) only after that was the case dismissed with prejudice  
1  
@european rider well that's bullshit it was not prosecuted because it happened in a different state she was put on two years probation and the arresting officer made a statement two years ago that she witnessed the assault and tasya that gf showed her property damage her broken pendant and was extremely upset with amber don't downplay it and she even abused johnny depp he didn't abuse her though  
1  
laura has no spine she later said it was the sun's lawyers that were actually threatening and aggressive imo they /heard pressured her to retract her statement that she saw no injuries on ah  
1  
@kara a there are literally witnesses who gave testimonies under oath that they saw her abusing him and him not responding physically at all

Out[113... @vault tec 1963 god help her next victim i mean partner
1
she is the one throwing a tantrum and wants to tell everyone else to shut up?! let's not forget that she has an appeal coming up and that can toast her and her team
1
it's what she deserves after the money and other stuff she tried to extort from johnny
1
but her fansaren't gonna care amber can abuse them and they'll still see her as they are poor innocent queen at this point i believe all the evidence in the world against her wouldn't convince them
1
amber's fans are turning on her and it's glorious to watch this is what happens when people who support you finally see who you really are ooh good one
amber you really roasted adam1
1
is amber crazy or just dumb? shes's already been exposed and keeps making herself look worse what makes her think that she is going to win at this point?
1
that's the beautiful work of karmaget rekt amber!!!!!
1
how sad she'll go low enough to pick on johnny's daughter she knows she is losing against johnny so she is attacking his daughterpathetic amber you are
pathetic amber
1
as she she should she is gotten away with too much already
1
she won't admit to her wrongdoing and will still play the victim because due to her narcissism she absolutely cannot stand the thought of losing fame we
alrh status and/or being seen for who she really is
1
please keep amber away from people who have power because we've all seen what happens when she gets even a little taste of powerit's horrible
1
apparently twitter wants to protect their their poor innocent queen amberso anyone who tries to expose who she really is they go after them but if the r
oles were reversed they would let people tear johnny apart this is just mind blowing in the worst way
1
i wouldn't be surprised if she starts to says that all of johnny's supporters and friends are aliens from jupiter
1
they can't stand that their poor innocent angelis anything but that and that their narrative of women also abuse men is not the case so they are willing
to do anything to get their narrative to fit no matter how low or ridiculous meanwhile has taken and still taking blow after blow getting torn to shreds
on twitter but they act like we see nothing what is it going to take for them to take their blinders off?
1
note the expression on her face she looks so uninterested when she is not the center of attention that she begins to leave she acts like a spoiled child
1
i agree with them she is been exposed so many times i can't understand stand why she is still in the movie how and why does she keep getting away with e
verything?
1
the double standards kill me
1
amber thinks that whoever doesn't believe her lies are botsno we are not stupid we know what we saw and heard(no pun intended) and the evidence clearly
shows that she is a liar an abuser and will do anything to make herself look like the victim now thanks to amber real victims maybe scared to speak up a
nd people may be skeptical of them because of her lies
1
marriage in amber's language translates as making sure she has a human bank account abuse partner file for divorce threaten to blackmail them with lies
about how they abused her unless they give her what she wants smear their name anyway find a new partner and repeat the steps
1
she is so entitled it feels like all it takes is for someone to make an honest mistake someone to tell her what she doesn't want to hear not getting her
way for her to throw a tantrum
1
@kellie green np all food and snacks are welcome
1
yup this sounds like amber but are we surprised?
1
amber's really done it now and she can't wiggle her out this time
1
you can't pick and choose when you want to cry equality period!!!!!!1
1
this is a big slap in the face to real victims
1
i think even a teenage girl who met amber said that amber gave off a cold narcissistic vibe and in the video you can see that as soon as amber to alicia
she immediately frowns and looks her up and down like hmpf i'm so much better than youand as soon as she looks at the guy she smiles body language is on
e of the loudest languages and amber's is screaming i'm better than her in every way but i'll definitely pay attention to the guy
1
oh no imagine amber cooking in a restaurant or for the holidays better have the ambulance on speed dial
1
amber isn't allowed to talk about the case in public and yet here she is if anything she is the one that should shut up and her attempts to look innocen
t is just pathetic at this point
1
why do i feel like these complaints are all from amber's delusional fans?
1
it's what she deserves
1
this doesn't shock me in the slightest
1
why can't she take responsibility for her own actions?
1
i remember this tweet it's not funny it's just straight up racist
1
i think he hid evidence just to please amber i still think she has something/s on elon that he really doesn't want be exposed since he's backing her up
this much either that or he really loves her and wished that he was with her instead of johnny
1
i'm convinced that amber's motto is if anyone tries to hold you responsible for your actions blame russian bots and if that doesn't work make up any oth
er ridiculous excuse/excuses do whatever you can to avoid taking accountability1
1
amber lies about donating to charity why are we not surprised1
1
at this point it's just fun and satisfying to watch her and anything that supports her make her look really bad she know that she is making herself look
like a crazy personright? like does somebody wanna tell her? but that's not true darth we care about/love you but amber's idea of female empowerment is w
omen being allowed to abuse men in every way and being allowed to accuse a man of abuse when he never actually did anything to you but you do it anyway
because you can because you are a woman knowing you'll be instantly believed while the man gets his life destroyed even if there's evidence proving that
you are lying 1
```

warner bros is really screwing itself over and doesn't even realize it i can't believe things have gotten this far  
1  
i hope so she needs to realize that there are consequences for her actions  
1  
so now she is attacking the policeyeah that sounds like a brilliant plan she is a real genius!""  
1  
amber would never lie amber : oh johnny stop hitting me \* johnny is ten feet away from her\* but amber would never lie right?""  
1  
did amber really think that wouldn't backfire?  
1  
she looks so bad at trying to be emotional she just looks like she is thinking to herself quick act like you are about to cry and like you care for the camera so you can get in the headlineslike oh please,""  
1  
this doesn't surprise me everybody even her own friends knew she was lying so she had to give them some kind of motive to get them on her side they are no friends they and amber were all just there to leech off of johnny and take money what's crazy is that amber's lawyer suggested that she make abuse claims or she'd be homeless in 30 days  
1  
amber should really stop it's obvious she is desperate and she keeps getting exposed as a liar over and over that lawyer exposing her was beautiful  
1  
\*high five\*  
1  
it looks like she cooked it with the fires of hell even satan would be too scared to eat that  
1  
she ruined her career herself  
1  
i think she was doing this just to get on our nerves because just hearing her got on my nerves she is so narcissistic and delusional it's crazy scary and a bit sad  
1  
tbh i'm not sure who to believe because his words make him look like an abusive monster many women have come out against and these are some very serious accusations yet rachel is friends with amber and that's never a good thing when it comes to johnny's case it just seems to me that there's not a lot of evidence it's more of a he/she said case right now i think more concrete evidence should come out first and then we'll be able to decide who's lying and who's not  
1  
ah yes the old if someone says something it must be true let's be real did anybody really believe that she donated \$7 million to charity?""  
1  
yikes her fans are just as crazy as she is i really don't understand how she still has supporters after all this evidence what is wrong with these people?  
1  
this is the one thing she is actually good at  
1  
@scott casey i don't think even el diablo would want to deal with her she'd probably try to abuse him too  
1  
so if he walks away she gets upset if he fights with her she gets upset poor johnny it's like he can't win with her and she always tries to play the victim even when she is clearly in the wrong  
1  
to buy or not buy? i have the answer drum roll please do not buy  
1  
i wouldn't be surprised she is got them all in her pocket  
1  
this is a big middle finger to real domestic abuse victims for once in her life can she think of someone other than herself?  
1  
she laugh about this small victory she is got now but she has no idea about the hell coming her way soon she won't be the one laughing then  
1  
she can at like she is winning and everything is going in her favor for now but karma will come for her and she wouldn't be laughing then i'll get the p opcorn

1  
thanks for letting me know now i can save money by not watching it  
1  
this is why heard needs to get kicked out of her aquaman role  
1  
superman says he needs the justice league just so he doesn't hurt their feelings such a nice guy  
1  
well this was pretty unexpected news about the whole heard situation i'mma feel sorry for the child  
1  
she threw a vodka bottle against him and severed his finger meanwhile she has no evidence for her abuseclaims of depp towards her  
1  
well it'll be the company's own loss when we refuse to watch the film because they allowed her to stay in  
1  
uhm johnny didn't sign up for this  
1  
she threw a vodka bottle at johnny almost severing his middle finger that's unforgivable she is just taking advantage of the fact that johnny wouldn't hit her  
1  
she is an actual monster crazy how people are still defending her  
1  
i'm just happy amber is getting what she deserves and johnny finally has more supporters  
1  
yeah johnny needs justice to be on his side against lying gold diggers  
1  
well johnny needs support i'm sorry for him that he had to deal with that monster  
1  
wow what an abusive witch  
1  
when you are a maxed out character and you go back to the tutorial  
1  
people who make false accusations deserve worse honestly she is an evolved and mutated form of being a gold digger like the corona virus  
1  
plus emilia clarke is the mother of dragons and a superior actress overall  
1  
only the simpsons are protecting amber at this point  
1  
they can replace her with jack black as mera and i'd be happy anything but her  
1  
to think that he's disliked by his own brother for simply being half blood  
1  
amber heard's witnesses: amber told me this amber said that amber told me what johnny depp's witnesses: i saw her attack him i saw her throw things at him i saw her cut his finger there's a pattern 1

```
she is quite the abusive gold digger
1
money brings you the women you want struggle brings you the women you need
1
the woman was so dead inside after aquaman broke through the ceiling after she dusted the place that she didn't care what was going to happen to her
1
this is good news one of the only good news that came out of this year
1
even jack black could replace her for all i care just not her
1
i really feel sorry for johnny that he has to deal with a monster like her
1
i mean they should've listened to the people when we said they needed to remove heard from the movie
1
aquaman 2 will be next undoubtedly since they refuse to replace her lol
1
this is good and bad at the same time good for the fact that we are not wasting our money watching this film and bad for obvious reasons
1
i thought roman reigns was _superman_ not aquaman
1
superman doesn't need a team he just lets them follow him for moral support
1
many will be boycotting aquaman 2 because of her
1
all of these information getting leaked further shows how bad of a person amber is

@jacubt scorpio amber in those audio recording downplayed her abuse of johnny and called him a baby for walking away thats physical and emotional abuse and ambers been caught lying so many times idk how anyone can believe her  
1  
bs all she does is talk about looks  
1  
narcissist  
1  
amber is a narcissist they aren't capable of love  
1  
wait till the jury sees the photo of ambers turd in the bedsheets that will change their whole perspective of her hard to find someone beautiful after t hat  
1  
amber is taking a page out of the oj simpson playbook  
1  
lets just be happy she didn't take a crap in the mosque  
1  
i think she destroyed the toronto tapes  
1  
how did he feel about amber calling him a rebound?  
1  
wishing him all the best and sending my love  
1  
@d woolaver you should study narcissim cuz that's what she is  
1  
she shit his bed  
1  
all narcissists abuse their child  
1  
at first the trial was gonna happen during johnny birthday june 9 and now it's gonna happen during ambers birthday april 22 interesting  
1  
she implicitly admitted in that podcast she wants to destroy johnny  
1  
but everybody hates her why does amber turd still have a career?  
1  
i wouldn't call amber a skilled actor she is so untalented  
1  
expose her lies #amberheardisalier  
1  
ambers running out of money she was seen moving out of her house as she can't afford to live in la anymore and is moving to yucca valley  
1  
pretty sure johnny always flies private i also feel bad he has to deal with inconvenience amber is so vindictive  
1  
amber is such a karen she lacks self awareness  
1  
16:00 amber is having money troubles?  
1  
stop glorifying this female abusers she didn't even have to be there she came by her own free will  
1  
amber is a complete narcissist  
1  
there are tapes of her admitting to abusing him he's the victim  
1  
joni compton johnny needs to be asked in court who brought the marriage conversation up first  
1  
i love how thier chanting johnny johnny at ambers premiere  
1  
she'll gaslight the jury into believing there was damage but it won't work  
1  
ambers not talented enough to play marilyn monroe  
1  
this was not a mutually abusive relationship that's victim blaming he was the victim and she is the abuser case closed  
1  
19:40 elon musk did tell them both to drop this case and move on  
1  
she accuses all past partners of abuse tasya vanree james franco elon musk johnny and god knows who else  
1  
are u going to discuss ambers lie about the donations??  
1  
she has terrible style  
1  
28:28 people on twitter who were at the courts in the uk last summer said johnny made no eye contact with and sat in the back of the court rooms doodlin gs in sketchbook but ah was actively trying to get him to look at her and she was trying to make her way into his lunch/break room but his security and lawyer noticed and block it from happening  
1  
amber wanted 3/5 penthouses which means she'd still have judgment as her neighbour and yet she claims to fear for her life from him

```
1  
did someone call amber amanda?? lol  
1  
well shes not talented soooo

- i am fine thank you i apologize i followed the case everyday but couldn't get videos out the way i wanted during that time i'm working on visuals and things to make them up to standard and hopefully won't be long
- yes i have read and studied each and every document since this started almost 4 years ago
- ok depp is the victim
- this was in 2016 when she was making the initial claims against depp so she was actually facing no charges then she was getting questioned to test the accuracy of her claims and to clear his name she is currently being sued by johnny for defamation and is attempting for the 3rd or 4th time to get the case dismissed so as of right now no consequences she is still a un human ambassador has a lucrative loreal contract and is still has her franchise role as mera in the aquaman movies she has locked down her instagram comments for the past month and a half and is going about her life as if none of this is happening 1

Out[126]: @slightly crazy vegan oh don't get me wrong there is a dirty feeling that comes from listening to this stuff it's not pleasant i wish it didn't take thi  
s level of personal exposure for people to see things clearly  
1  
you and i are on the same page  
1  
@blank i'll review the timestamps to make sure they all line up and i didn't miss any commentary also i make nothing off of these i make them because i  
want to  
1  
yea time stamps are in the description but thanks  
1  
thank you for the well worded comment i agree wholeheartedly asking questions and seeking real answers that don't stem from an emotional base isn't a ba  
d thing now get some sleep these videos aren't going anywhere  
1  
what? i reported one video that literally took it and reposted it without anything added i've tried to promote and have shared many others who have offer  
ed their own take while still using this video you could not be more off base with your claim  
1  
yes a future video will cover that more comprehensively  
1  
yea the algorithm is confusing and something i don't know if i'll ever figure out  
1  
thanks so much for the tip i'm not good at the whole yt thing yet i'll give it a shot  
1  
blender it's open source software and has a bit of a steep learning curve at first but it's fun to use  
1  
it's much more southern than this but i try to be a bit clearer and articulate in my videos so as not to come across as the wrongly stereotyped dumb hic  
k thanks for the compliment!  
1  
she sold a handful of video clips to the media (like the daily mail) to combat the bad press that was coming from the lawsuit even still what she select  
ed doesn't vindicate her at all in my opinion but rather makes her seem even more unstable and poorly rehearsed i personally do not have the video attac  
hed to these transcripts i used but the transcripts can be found on the fairfax virginia court web page  
1  
time stamps are in the description but thanks anyway  
1  
blender is impossible to master i am but a mere apprentice  
1  
wow this comment is so spot on she clearly panicked and she tried to pull him back in with her tone and even tried to make herself a victim again with  
i'm just defending myself  
1  
i posted the full video of that as well she cut it off to make it seem he assaulted at the end but the video actually continues with her picking the dev  
ice back up and scoffing/laughing mockingly at him  
1  
let's be honest the video just doesn't make sense without them in it  
1  
i have often said i'm not trying to force anyone's opinion but what a crazy concept a youtuber giving his thoughts about something  
1  
yes but the medicine is categorized as an antipsychotic i understand the idea was to essentially sedate her  
1  
my channel is not monetized if it were (which i have no intention of doing) you have a great suggestion  
1  
i appreciate the heads up however if you look closer at the captions it clearly does say no makeup hair or styling needed this was not the only one post  
ed with a similar caption also i'm pointing how her nose doesn't even look close to nearly broken as was claimed  
1  
yes she did when she confessed to it she called it a harmless prank however now she tries to blame her 4lb teacup yorkie  
1  
i should have looked up the pronunciation dang it i took a 50/50 shot and missed thank you for the correction  
1  
hard to put a time frame on it some days i get to work for a few hours and others not at all it's taking a bit because it's something that i believe wil  
l help paint a much clearer picture of each allegation so it should be worth all the work i'm putting into it thanks for watching!  
1  
the court heard the audios and his witnesses but the judge said they didn't matter because amber said something different while testifying during the tr  
ial crazy right?  
1  
watches half of it proceeds to make probably claims based on nothing cool thanks for watching half of it  
1  
then you haven't been paying attention feel free to make your own she got nothing but coverage for years her evidence was all that matters sorry you are  
n't able to grasp the concept of all this  
1  
that's a good idea it is a lot to follow  
1  
part 2 link! you are going to want to see this! https://youtube/0g22uxfpm9s hey everyone! thanks for checking out my videos i never want to feel like  
i'm promoting my content like this but if you really want to see all the info from this part 1 video payoff i would highly recommend watching part 2 the  
big lies are exposed in it kinda like a grand finale

```

ng more cases once this is over  
1  
she knows it's being taped you clearly didn't listen to the end when she says it's still recording i tire of correcting people of this very fact  
1  
hey everyone! i appreciate all the feedback so far this whole thing just keeps unraveling in large sections thanks so much for continuing to help spread the word and the facts of the case i realize some may hear things slightly different i'm confident in how i heard things and this was to the best of my ability after literally 100s upon 100s of play throughs if anyone wants i put my twitter and instagram handles in the description i've had twitter much longer but am trying to be somewhat equally active on instagram going forward as i become more familiar with it take care everyone! ia 1  
he didn't say he never connected them but the 'secret' passages could easily be walled back up to separate the condos again  
1  
i am not a journalist or a detective although it does often seem like i'm the only media willing to report the actual facts about the case  
1  
@kenza bouayad very fair point i really appreciate it thank you so much!  
1  
thank you guys so much for covering this! your analogies and analysis are really on point well worth the watch and thanks for the shout out  
1  
technically she gained the role before the divorce if i'm being honest i think there are better actresses for the role but it's not up to me and is a matter of taste i think someone kinder and more charismatic wouldn't hurt the sequel  
1  
i can almost promise i am more educated and have done more research on this than any journalist  
1  
and i'm the stupid one? okay buddy i'm going to assume english isn't your first language  
1  
i do not i just do this when time allows but thank you!  
1  
@anonymous yea but i'm not just someone who responds to the news as it drops i'm not a reactionary youtuber i do my best to educate folks on the deeper information buried in this stuff the news doesn't connect i do appreciate it though there are plenty of people that just signal boost current stories and react to what's being reported that's never been my interest they can have it  
1  
@wendy canuck that was me quoting her exact words in her complaint not me saying he has authority for crying out loud way to try to find something to pick apart and be dead wrong i get so sick of the wrongfully uninformed virtue signaling and the amount of credit given to a physical abuser while somehow finding a way to still place some form or fault or blame on her victim imagine doing that if he were the one admitting to punching her and throwing things while mocking her toughness get off your high horse 1  
this hasn't been a pleasant subject to cover that's for sure he clearly went through a lot i wouldn't wish it on anyone i too hope he gets justice and i is able to find some peace and move forward afterwards thank you for your kind words but no i'm not a lawyer or in law school just a normal guy who had questions and did my best to answer them the southern accent is something i don't hide very well on here no matter how i try  
1  
yea that's the southern in me i guess my mistake will correct if i ever mention him in future videos  
1  
creative minds from bensoundcom i was actually reminded to put it in the description to be able to use it thanks  
1  
that's your opinion thanks for watching  
1  
sorry i didn't have a ton of time to do them so i just put them in when i felt something was really important or they were speaking over one another  
1  
that is correct her or a friend or friends or a combination of them pooped on his side of the bed  
1  
she means to leave like when he runs away or leaves the room when she is angry  
1  
there are apparently photos of it  
1  
it annoyed me everytime i watched it during editing just wrecks of entitlement in my opinion they constantly hold up the elevator phone call for her to eat  
1  
but her admitting to hitting him on multiple occasions is you must have missed that  
1  
thanks for the tip crazy that a youtuber add their own commentary and thoughts and insights to something crazy concept i know bro  
1  
i agree i've seen it before it is wild to see how people will believe their own lies  
1  
thanks for letting me know i did not select that option i will correct it asap  
1  
apologies i normally talk very slow and southern but opted to talk faster because these are already far too long for most to watch fully  
1  
beats me this is actually the one i'm most proud of in terms of debunking their statements and exposing the lies told but hey i'm just glad a few people have watched them i can only assume i bored others too much with the first one that they didn't want to finish this one  
1  
i disagree i think it's very reliable when used alongside the other mounting evidence witnesses and contradictory statements from her side  
1  
i keep being told brad pitt hahaha too bad the similarities stop at the audible type'EHO'  
1  
so you think someone wouldn't do this unless they are getting paid? i haven't made a dime off of this and won't thanks for watching

hey there so if you didnt watch the prior video watch it it shows clips of how this was used under oath to way a judge's decision now this is being used
in another case to not only potentially undo that but to show everyone who you are dealing with there's even more to this as well; it just keeps coming
1
there's a rumor on that one as well

hey there some audio you will know in this and upcoming videos since i'm going through it all some you may not the court dropped a lot into the public s
phere hours of it so i'm working on cleaning it up amplifying it and hopefully documenting the entirety i'll add it in videos and also into a playlist t
o help people find all the evidence attached to the trial in the video i also said two hours but that wasn't correct for all of it its two hours on this
specific set of recordings there's more and i'm looking at potentially converting it all here so its all compiled and easily found the reason is because
the media gave you snippets they took tiny pieces and they called that complete they left out the pots and pans they left out the abuse they left out th
e lies the manipulation and a lot more all of this also belongs to two trials and will not only be in the depp/sun trial but also in the depp/heard
2021 trial plus heard mentioned another 50/51 audio tapes that the court hasn't seen so there's a lot more i'm assuming we haven't seen there's also all
the testimony that isn't carried over into videos the ah declarations all 7 of them the depp ones all three of them and on and on i'm not sure how much o
f that i can put into these since they are so long but we'll see 1
hey there: this is the biggest thing in the depp case ever as far as evidence is concerned bigger than audio than bodycam footage than chairy why? beca

the initial case lasted 3 weeks and is waiting on a decision so its over we just dont have a judgment the 2nd case jd v ah hasnt started now the article

its looking like may 2021 for the 2nd trial and i imagine that'll move as well its still got a long time  
1  
hey there this to me is very interesting because 1 it obviously wasn't ok'd by warner (if it was he would've applauded their decision) 2 it places the b  
lame on warner while distancing from the decision and 3 shows that at least some of the people attached to f3b do not agree with the decision its also i  
nteresting considering jude law doesn't need issues his career was in a bad place for a while and yet he still decided to make this statement  
1  
the point isn't that she did it because she was black it was that she did it to a person that was black while pretending to be an ally and while repping

so much bombshell makes so many things make so much sense now this is one of a few reasons why we saw new information added to the depp appeal and why t  
he thing went from the judge was unfair to the judge was unfairly bias because of this specific lie it make so much sense and even if the appeal does no  
t get granted it wrecked heard 1 in the media and 2 in the va trial i mean think about what it does to credibility there is no coming back from what thi  
s does to your image  
1  
covered their loss because of a lack of professionalism and poor products that included the treatment of stan lee and more apparently that's a thought c

the yt bot does not like her name especially spoken; its been nasty about it they've loosened it a little but its a habit  
1  
hey there so this video triggered heard or her supporters enough they have attacked it repeatedly lol and still it remains! i am appealing a thumbnail r  
emoval still though lol poor babies  
1  
i'll make it work for sure one good thing if it waits untiljan 2021 is it gives us all a chance to really decide if anything else is missed in those doc  
uments  
1  
its two trials and the 2nd hasn't happened it starts in may 2021 ah hasn't ever been on trial and that one is jd v ah so more stuff adds to it daily now a  
s far as depp v sun its a huge case it'll involve a 200 300 page decision but that's over him being called a wife beater and ppl trying to wreck him the  
ah stuff was discussed for it as a basis for the case but that's not it i'd also add that the court might not decide she is guilty regardless that's why  
hearts and minds is a fight as well as the courtroom and why you have to present all this stuff to regular folks like you and i hope that clarifies!  
1  
right off the bat she goes into some spicy nuggets she admits lying craziness its fun times  
1  
this decision isn't about the courtroom; its about what the media would do to this person if they lied about 7million little applause lol oooo i cant wa  
it to see it

Out[139]: boom! ambers career just blew up nobody will hire her now she just blacklisted herself  
2  
i always thought that johnny would be in the ground right now if he hadn't left she would claim it was an accident he dodged a bullet  
2  
warner brothers is a sinking ship and apparently don't care first firing johnny and then keeping amber supporting a liar and an abuser is not the way to  
make easy bucks keeping johnny the victim and letting amber the abuser go would be the way to save itself but they did not choose that route they have o  
nly themselves to blame 1  
her own lawyer just hung her out to dry all of a sudden i'm liking elaine a whole better wonder if this is her way of trying to get fired and be done wi  
th it?  
1  
these people must like to lose money they will by the millions  
1  
hallelujah! maybe she goes to jail after all!  
1  
abuse victims would not want to be in the same room as their abuser pretty much proves she wasn't abused she is supposedly terrified of him just wants t  
o intimidate him he doesn't want to be anywhere near her  
1  
hallelujah! she finally had enough of amber's bs she knew she couldn't win so the only thing she could do was quit #justiceforjohnny  
1  
she is using the baby as a prop the baby is nothing more than a pr stunt  
1  
i loved the look on everybody's face they know they are gonna lose damage control not gonna work enjoyed the booing in the background  
1  
she stole kate james story of her attack in brazil stole it for her own use  
1  
she probably started planning it when they were together in rum diary in 2011  
1  
i loved the book and the original movie mot watching this one she plays a psycho not gonna be much of a reach for her  
1  
too bad she couldn't get plastic surgery for her evil heart  
1  
further proof that amber had planned this from day 1 in 2018 johnny was long gone she knew she had to have evidence so she made some up as she does  
1  
they are standing behind an abuser she is a horrible person she has no inner beauty beauty fades away horrible abuser is there to stay  
1  
i don't agree with the ruling a zoom call would have been sufficient not to mention the fact that he could contract covid and filming would have to shut  
down amber just needs to stop with her petty motions and preferably just go away  
1  
amber gives everything she is in a bad name she is an abuser and by casting her they (cbs stephen king etc) they are supporting an abuser a liar and som  
eone who steals from sick kids they also hired ezra miller another abuser the stand was dead before it was even aired  
1  
sounds like amber knows she is lying but she doesn't want it put in front of the jury when johnny wins the uk trial that will kinda prove it  
1  
she gave it to her favorite charity amber  
1  
elon musk is just creepy now  
1  
amber is living in her own universe and so are her so called supporters the amber universe where everybody lies and abuses the truth come on back to ear  
th people open your eyes to the real truth  
1  
god help the child that amber ever has the child will be screwed up for life  
1  
@emily 2201 exactly hope the judge in the uk is seeing all of this  
1  
elon is such a sleaze bag  
1  
@winston gordon good question  
1
```

1 karma has started for her even her car doesn't want to deal with her!  
1  
is there a role of barn witch? that role she won't have to act it comes naturally  
1  
she went after johnny married him abused him and then lied about him she is definitely narcissistic and a psychopath she is dangerous  
1  
amber is such a liar she married him for two reasons only money and for clout being his wife would bring her fortunately it back fired  
1  
kathy griffin is a horrible person always has been amber and kathy are two birds if a feather supporting an abuser is not surprising she chooses to ignore evidence  
1  
i wouldn't put it past her always thought she kept it  
1  
another abuse supporter she is a horrible person not too long ago she got slammed for putting up a picture with trumps severed head she and amber deserve each other she has never been funny  
1  
amber has lied and manipulated her way through life not caring who she hurts so i hope she is prosecuted for lying to the australian government maybe that will lead to other punishment for her  
1  
@walter n it was a live show don't know about a video  
1  
amber is still abusing johnny by all the lying there were no drugs in his system the day he got his finger cut off  
1  
she is totally using the baby as a prop she acts like she is holding somebody else's baby and has no idea to do with her  
1  
i hope rocky josh and io get investigated too karma has come to call 4 years for perjury here and 14 in australia for perjury amber learned anything yet? moral of the story: don't lie if you don't want to get caught  
1  
probably trying to get their lies straight for the va trial  
1  
josh has nothing to gain by saying this so i'm inclined to believe him amber is such a sleazy liar elon wants to deny everything that involves amber but supports her lies  
1  
she has had it delayed multiple times and attempted to get it dropped multiple times she needs to shut up  
1  
@winston gordon amber has already been caught in so many lies and so has her cronies judge doesn't like her there are audio tapes where she admitted hitting him and when she cut off his finger think he'll win easily the sun has been sued so many times for libel then with more evidence in the trial here shouldn't be a problem here either 1  
she just testified on stuff that amber told her she also said that johnny was drunk at ambers birthday party she was uncomfortable and left she was caught in a lie because he was not even there at the time  
1  
intro was brilliant! been waiting for it!  
1  
anything amber is in i'm not watching i will not support an abuser  
1  
johnny just keeps winning and ambers team apparently can't learn to stop putting out crap to the judge  
1  
totally amber disrespectful of anybody anything and religions you don't have to be religious but at least show respect for it  
1  
he claimed he broke up with amber because he couldn't trust her because of all the lies she told him since he is lying about having an affair with her he's no better than she is  
1  
amber just keeps getting called out on her lies adam has got his teeth in and he's not letting go give it up amber give us the truth! the real truth not your truth!  
1  
amber is a horror movie don't know why marilyn manson would be in it since he and johnny have been friends forever maybe he stayed away from her  
1  
@h borterprobably say that jennifer doctored the emails whitney will deny sending them that seems to be their mo  
1  
they want to see how we reacted to the verdict? wait until the documentaries backfire then he'll know  
1  
the two women don't believe her and the guys are skeptical the only persons life she changed was johnnys by ruining his she wanted nothing except money cars and condos i just want to slap her so she will know how abuse really feels  
1  
with the 2 gigantic mistakes that wb have made firing johnny and keeping amber they are committing corporate suicide they are already laying people off because of their 150 billion dollar debt  
1  
love it!  
1  
if she gave the money to charity why is she pushing to not produce the receipts? if she did it wouldn't be a problem somebody else falling for ambers lies  
1  
amber's acting is so bad she makes everybody look bad  
1  
amber is doing what amber does best playing to the masses who she believes worship at her feet she is just an alcoholic drug addicted bimbo  
1  
love this!! its about time she pays for her crimes  
1  
the only way to stop a bully is confront them and show no fear which is what amber is a bully which is exactly what adam waldman is doing he is the best!

@rock candy they probably didn't even want the police in there because they were probably doing drugs in the first place

2  
plot????? grow up dude

1  
amber is constantly full of rage and when she does exhibit rage she is acting out some thing because of her age or doing a vengeful act because of her rage but when johnny gets righteously angry about getting ripped off \$1 million she tries to take advantage of it and make it look like he is doing something to her and falsely make it look like he is a scary guy

1  
that was what i said ages ago my final reason for believing that is the amount of detail in her lies about johnny depp and the fact she is so willing to continue this charade she knew what she was doing to him on every level from destroying his career to destroying him emotionally the lack of conscience was glaring which is a glaring tip off for sociopathy the fact she continue to do it anyway is a dead giveaway her only regret became when this resulted in a public outcry at which time she decided she wanted to withdraw her case and she wasn't able to in the depositions when the paper is played where johnny express his dismay that she hit him she smiles sociopaths get off on the negative emotions they cause others to feel yes amber does seem to be trying to practice which emotions to show her over the top crying on cue when talking about johnny supposedly abusing her is just one example she knew how to

0 manipulate johnny much to his detriment and he was taken by her fake charm and her looks  
1  
one of johnny's security guys used to be a cop and his father was a cop johnny doesn't just hire people off the street these are credible people with integrity call often resent their employer and the fact it doesn't happen with johnny says a lot for him  
1  
the lapd does not use body cameras generally for domestic disputes amber is apparently going to say that the police are lying and there's no proof of their statements the city can't afford for everyone to have a body camera in the lapd and only in certain instances are they used such as certain neighborhoods  
1  
this is case where crazy people drive you crazy being abused will drive you crazy studies have repeatedly shown that  
1  
i think amber's other attorney got pissed off upon finding out she never paid that 9 million to charity i think amber probably covered up and lied about it for quite a while before telling the attorney  
1  
constant fake news headlines from this channel  
1  
johnny tried to talk her into keeping it out of court for privacy sake but she was so concerned about her reputation that she wanted to lie and make the lies as public as possible in any forum she could get them in now it's backfiring her sociopathic lies are backfiring on her  
1  
she needs to grow up and act like an adult and quit enabling her mentally ill sister amber  
1  
this channel has a fake news headline as always from this channel if you supposedly hate amber for being a liar then why do you click on lying headline s? this channel is not defending johnny depp it is making money off him with fake headlines every day  
1  
another lying headline he never said that  
1  
the dad clearly has abused whitney's sister her whole life and so she probably doesn't have a lot of confidence to stand up to amber i get the impression that whitney is the family scapegoat there are people that have what is called in psychology learned helplessness and they never get away from their tormentors there are others that seek therapy and overcome that and go no contact  
1  
another lying headline!!!!!!  
1  
while amber heard plays dumb and she lies to johnny depp about tmz here he is so abused at this point and he is so clearly terrified of her that he is a visibly stuttering i have only gotten as far as 9:04 here but you hear his repeatedly stutters it is common for abuse victims to do that it is painful to listen to her abusing him here as she deceptively tries to convince him not to counterfile against her she also continues to lovebomb when it is necessary amber heard is clearly a sociopath and she clearly wants to fight as public as possible that was made clear when she set up the cover photo shoot with people magazine she just can't stop lying because of her narcissism because of her delusions of grandeur she believes she is perfect if she ever does anything wrong it's because someone else did it or made her do it depp asks her if she thinks she ever abused him and she wails did i ever knock you off your feet? as if her cutting off his finger is not physical abuse to amber she is perfect and nothing is ever her fault so it must be johnny's fault she is deranged and dangerous  
1  
i'm defending myself and it makes you so angry! what a manipulative bitch  
1  
i think someone saw how aggressive and nasty amber was on the set and that is why they anonymously turned in the unaired tape that had never been broadcast  
1  
the idea of gleefully attacking a narcissist and acting mean spirited condescending arrogant and with airs of superiority just like the narcissist does doesn't make a lot of sense to me there are people defending johnny but then there are people just engaging in the same narcissism but pretending it's something else because they don't like what she did to johnny  
1  
she needs someone she can control or she goes into a rage i couldn't imagine speaking to someone like that she is frustrated here because she has clearly been using these tactics on people for years screaming violence and threats she knows it's not working on johnny because he leaves and she is angry because those are her only communication methods she uses and her motivation is control i can't believe her gaslighting him got him to apologize to her she is really a psychological manipulator she clearly does not want him to have any emotional support from isaac or from anyone else because he will be harder to control if you can't fight for days you need to walk away she says what a nutcase just insane she has so much in her hostility and she just wants to use him to get it out where she says you need to let me be madis so immature that it makes me wonder what he saw in her other than sex this may sound weird but i think if you are someone that has done acid you can't be around that kind of person  
1  
please tell me they played this in court  
1  
franz huber actually that is a dysfunctional response and exactly what the borderline wants they want you to be punished and miserable they want it to be where if they can't control you you can't be with any other woman why give a woman like that what they want? you have the right to be loved isolating yourself is out of fear and that's what these types do male or female they traumatize you where you never can trust being in another relationship i wish you healing and that next time you recognize the signs early of a mentally disturbed person  
1  
people are lying saying she is charged and going to jail and it's not even true they are investigating her they didn't charge her why all the fake news from people this video is accurate unlike some others i have seen she is not up for 14 years because it's not the state that is investigating her it is the commonwealth so she would only be up for five years and most people only serve half if they serve anything she will just have to do p essays in a week or two of jail  
1  
there were a few times when i got the impression that amber's friend is a bit histrionic for instance when she was describing being subpoenaed as if it was some kind of big harassment stalking kind of thing  
1  
our judges voted in london and how much did murdoch donate to the judge's campaign? mini american judges are voted for locally  
1  
right that's why she paid \$50000 for plastic surgery why is this channel stanning fir her?  
1  
lost beyond pluto i am communicating this in writing so it is a bit difficult in hebrew the k at the end is a very guttural sound from the back of the throat a mideastern pronunciation americans mispronounce it all the time i'm sure he probably would have to correct him with that sound which i can't really communicate here through a written communication if you talk to anyone orthodox jewish or if you if you look for any jewish prayer with the word baruch it which is the first word of many jewish prayers you will find out how it is pronounced in english it means praised i know even better call a rabbi or a synagogue but don't call on a saturday!!!!!! other than that i have been wondering if johnny's attorney used the last text that amber sent johnny because it clearly sounded like she was just out for money from him if i remember correctly it was around the time they met in san francisco which was a very weird story if you know all the details  
1  
knuffel maus i thought the comments were off on her instagram  
1  
she might just as well have said nothing to see here officer  
1  
she is clearly a liar  
1  
barefoot and pregnant is an expression that means he didn't want her to work he didn't want her acting and he wanted to control her that is with the expression means  
1  
it is hypocritical that people keep liking this channel's videos even though its videos always have a fake news headline never mind that this channel always just repeats old news over and over just to make a buck off johnny's misery people claim to hate amber because she clearly lies but they hypocritically like this channel's videos that lie every day in its headlines johnny doesn't need anyone to lie for him or to support lies he wants the truth out there not lies the supporting and liking of blatant lies hurts the credibility of the justice for johnny community there is enough evidence against amber without having to lie in youtube videos or having to support headlines that lie the fact that people keep liking the fake news headlines videos from this channel shows that many youtubers believe it's okay for them to support lying and yet they claim it's wrong for amber and her friends to do this indicates either blatant hypocrisy when it comes to lying or the fact that their hatred of amber is not really about the fact she is a compulsive liar in fact maybe it is just projection please stop liking this channel's fake news headlines liking lies does not support johnny's cause he wants it to be about the truth stop hurting the movement's credibility please folks!  
1  
stevie j raw in addition to this case proving her to be a liar which will be helpful for johnny's us case the australia case matters for reasons that no one has stated sneaking animals into a country is no longer just a petty crime over 100000 minks in the united states have been found to carry coronavirus and there are dogs with coronavirus amber could be spreading it to other countries by sneaking her dogs in  
1  
amber heard was a model like melania trump was  
1  
small channel wins! many of the tactics i've seen promoted by armchair psychologist in youtube are exemplary of narcissist behavior there is one channel that is way worse than the others the guy actually brags that he has never read any kind of psychology or self help book you can take it from there!

```

1
old news to cash in on johnny
1
i had cancer and consequently could not talk for 3 months and got a speech problem so i went to a speech therapist three months after that no one knows
i had a problem unless they heard me in that time period now that you are older it would be an idea for you to go to one if your speaking bothers you i
am very happy in the difference it made i would recommend going to anyone that wants to make their voice better you never know what you are capable of until
you try!!!!!! so glad i did not give up!!!'
1
she takes off her mask to get her photo taken not understanding she is an object of ridicule her what she did to death
1
my cousin wrote an article saying l'oreal should fire her and that was ages ago
1
the lapd said it was a rumor they are investigating this headline is clickbait
1
she likes to wear white virginal button down clothing when she testifies trying to look like a proper school teacher definitely ditching the strip pole!
1
another fake headline to cash in on johnny
1
@sarah vand it's not humorous that emotionally disturbed women abuse their children i did not say that as a joke
1
it is a fine line however with witness tampering i was subpoenaed to testify in a court case in which the plaintiff was suing a record company and someone
tried to tamper with me as a witness prior to the case being heard when it happened i immediately called the attorney representing the record company
and told him i also mentioned it when i was testifying in court and the judge immediately threw out the testimony of the witness that had tried tampering
with me as an aside my side won the case
1
i think one of the reason she wanted the case heard right now is because if no one in casting is responding to her agent there is no real way she can get
publicity and she is afraid that people in hollywood going to forget about her if it weren't for this court trial no one would be talking about amber
what is she going to do without this johnny depp trial to get publicity? what is she going to do? keep getting different female lovers to shoot pictures
of her on her horse that johnny depp bought her? johnny even said something in his testimony about amber having a sick narcissisticdrivenquest for fame
she needs publicity for these directors producers and casting agents to remember her amber doesn't get parts because she is a good actress if she gets them
because of her looks and she knows that there are 8 million pretty girls in this town out of sight out of mind so she wants the publicity
1
all she wanted is publicity
1
warner believes everyone will go see the movie this is why they believe that the content creators that dis her will be the very first people to go see it
he film to make videos about her in it to make money so everyone else will go pay to see it under the guise of going just to insult her afterwards they
believe ticket sales will be huge
1
why isn't any psychiatrist saying she has borderline? she clearly does
1
the lapd says they are not investigating her rather it's another fake headline to make $$$ off johnny's misfortunes
1
amber was the one that made it go public
1
this video is so chilling because she is such a sociopath she lies like it's nothing when her story makes no sense sense she begins to act emotional to
try to convince the listener as if her emotions are going to overcompensate for the fact that her story makes no sense i hope that in court johnny's attorney
says a baby? but she is in her 30s right? when amber starts to make it sound like she is the hero of the story for saving her baby sister that was
never attacked it becomes even more evident that she is a narcissistic borderline and that she has narcissism that switch is from vulnerable to grandiose
back and forth brian you have the best videos on this topic!
1
i kept putting in comments under videos that the texts would not be admissible evidence in court that the judge would ultimately throw them out as credible
evidence and sure enough i was right but no one believed me
1
i'm just going to come out and say this i used morphine and fentanyl for over 10 years cocaine for more than that and i was never violent once i've done
every drug imaginable and i never ever got violent
1
i believe she has some aspect of being an antisocial and they have absolutely no guilt about lying and often the same thing with narcissists therefore when
they lie because they feel entitled to they show less stress when lying than normal people
1
i didn't do it! you forced me! she takes responsibility for nothing says you told iota call the cops and she says i did not call the cops she is such a
gaslighter
1
the studio fired johnny the day after her abuse claims
1
us weekly having to cosmetically turn disgusting people into heroines using ink so you can sell magazines glob on to anyone with a familiar name no matter
how disgusting they are us weekly why don't you listen to the tapes with johnny depp and listen to her talk about hitting him? or how about putting a cigarette
burn on his face? or cutting his finger off? why don't you write about that?
1
i am being interviewed this morning so i'm going to miss seeing this live unfortunately oh it ran already i missed it live here in la i will try to watch
some of the re run before i have to leave to tape
1

how does lady campbell think british monarchy will change if charles ascends to the throne? in a society that has become much more multicultural with less ancestral attachment growing diversity in religion particularly from the east and the shift in national identity pride and patriotism which is very different (i would suggest much weaker) to previous generations can monarchy ever work after queen elizabeth dies without dramatic reform and will there be a referendum to decide its fate? 1
@john jones she didn't make him famous though
1
amber heard is bisexual and was in a relationship with an older woman for years so this kinda behavior doesn't surprise bisexual women like her are sociopaths cause they can get anyone and hence can manipulate the situation depp has hit women before but there are relationships in which that kind of physicality in relationships is normal (in which both sides hit each other) between amber heard and jussie smollett the gay community can no longer hide behind their victim mentality 1
what goes around comes around complete justice will be done for johnny depp
1
this world is crazy the government distracts with making everyone more judgemental towards each other while they are misappropriating tax payers money to live in luxury use tax money to take family vacations that cost millions of dollars yet there is still hunger in america poverty injustice laid upon the weak
1
amber heard has not lost any roles or turned them down she just signed a contract to play mera aquaman's wife in both justice league films and the aquaman movie she will get back end on that especially for her likeness for action figures and other dc comic film merchandising this guy has no idea who she is does he? she in no way needs that money
